Present Land Use/Zoning/General Plan Designation:

Existing land uses at/in vicinity of project: water storage, agricultural, residential, commercial, public, other uses. General Plan Designations: OS, AG1, AG1 HOD, AG2, AG3, PF-AG1,NC. Zoning: Agricultural Limited, Agricultural Residential Planned, Open Area.

Project Description: *(please use a separate page if necessary)*

Marin Water proposes to modify the existing spillway at Seeger Dam to gain additional storage capacity. Marin Water would install an inflatable rubber gate spanning the width of the existing spillway crest to temporarily increase storage in Nicasio Reservoir for carryover into a potential dry season. Approximately one foot of existing concrete crest structure would be demolished to provide a level surface to install the gate. A small control building would be constructed east of the spillway. The existing backup power system would be upgraded.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "**X**".
If you have already sent your document to the agency please denote that with an "**S**".
