Project Location: Encinitas San Diego
City *County*

Project Description (Proposed actions, location, and/or consequences).

The proposed project is a VMT Exchange Program (Program) - a voluntary program in which discretionary development applicants can participate to reduce the amount of VMT generated by their projects. The Program will also provide applicants with the option to reduce potentially significant VMT impacts identified through the CEQA review process by constructing specified VMT-reducing projects that have been identified by the City. The Program will provide applicants with the option to construct VMT Exchange Program projects, which include pedestrian network and bicycle network improvements that are located within existing developed rights-of-way.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

No significant effects identified.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.
