CEQA WITHDRAW MEMORANDUM

Date: 03/04/2026

To: State Clearinghouse

From: Tulare County, Resource Management Agency

Subject: Correction to Notice of Exemption

SCH No.: SCH Number 2025050387

This memorandum serves to correct the Notice of Exemption previously filed for the Ecological Restoration Project – Kenedy Meadows (CEQ 25-005).

The Notice of Exemption originally identified the project as categorically exempt under CEQA Guidelines Section 15313 (Class 13 – Acquisition of Lands for Wildlife Conservation Purposes). Upon further review, the lead agency has determined that the appropriate categorical exemption for this project is CEQA Guidelines Section 15333 (Class 33 – Small Habitat Restoration Projects).

Accordingly, the previously submitted NOE is hereby withdrawn.

An updated NOE reflecting the correct exemption classification has been submitted through CEQA Submit under State Clearinghouse (SCH) No. 2025050387.

The project qualifies under Section 15333 because it involves habitat restoration activities on a site that is less than five (5) acres in size. No expansion of project scope or physical changes beyond those previously described are proposed. This correction reflects the appropriate exemption classification and does not alter the project description or environmental analysis.

Please update the State Clearinghouse records accordingly.

If you have any questions, please contact Brenda Alcantar at 559-624-7132 or balcantar@tularecounty.ca.gov

Sincerely,

Brenda Alcantar
