## RECOMMENDATION REPORT FOR RETAIL WITH ON-SITE SALES COMMERCIAL CANNABIS LICENSE

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR recommends that the Cannabis Regulation Commission approve the issuance of an Annual License. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the Class 1 and Class 32 categorical exemptions.

## BACKGROUND:

The Business Premises is located at 7537 N Reseda Boulevard, Reseda, CA 91335 a parcel zoned for General Commercial purposes. The Applicant has yet to be issued Temporary Approval by DCR. The Application was submitted on July 30, 2024. Since that time, the Applicant has completed all requirements for the issuance of an Annual License in accordance with LAMC Section 104.06. The Applicant does not currently possess a State provisional License to conduct Retail with on-site sales Commercial Cannabis Activity. The Applicant is subject to the requirements of LAMC Section 104.20 for the Social Equity Program.

Social Equity Applications are evaluated for compliance with the Equity Share requirements under LAMC 104.20. To comply with the Equity Share requirements, Social Equity Individual Applicants (SEIAs) must possess unrestricted ownership of their share of the Social Equity Applicant (business), a proportional right to vote and to the profits, and include certain language mandated by LAMC 104.20 in their agreements, among other requirements. As part of the application process, DCR reviewed the corporate and ownership documentation provided for this Applicant and determined that the Applicant met the minimum Equity Share requirements at that time.

## DEPARTMENT ANNUAL LICENSING RECOMMENDATION:

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.
- The Applicant has met the requirements under LAMC Section 104.20.

## COMMUNITY INPUT:

On or about March 19, 2025, DCR provided notice of the community meeting and Cannabis Regulation Commission meeting by mail to the owners and occupants of all property within 700 feet of the property line of the Business Premises. Notice was also provided to the nearest Neighborhood Council, Business Improvement District, and Council Office.

The virtual community meeting was held on April 16, 2025. During the meeting, members of the public were afforded two minutes each to speak about the Application. DCR also accepted online written input through the date of the community meeting. One oral comment was received by a representative of the business, who stated that the applicant is dedicated to providing a safe environment and will have 24 hour security.

Number of Comments Against the Application	0
<b>Total Number of Comments</b>	<b>1</b>

The Applicant provided timely proof to DCR that it contacted the nearest Neighborhood Council and offered to appear before the Neighborhood Council in accordance with LAMC Section 104.06(b)(1)(ii).

## COMPLIANCE REVIEW:

DCR has not recently performed a compliance inspection for this Applicant. However, this business shall be subject to multiple, future inspections by DCR and several other agencies prior to the receipt of an Operating Permit. An Operating Permit is the final authorization from DCR to conduct Commercial Cannabis Activity, and is issued only after a licensee has passed a Final Inspection by DCR, and obtained all permits, clearances, or other authorizations required by law, which may include a Certificate of Occupancy from the Los Angeles Department of Building and Safety, clearance from the Los Angeles Fire Department and/or permit from the Los Angeles County Department of Public Health.

**THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:**

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation of a significant public safety problem as documented by a law enforcement agency;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- Revocation of Temporary Approval;
- Failing a Business Premises inspection by DCR, another City agency, or the Los Angeles County Department of Public Health; or
- Failing to comply with any requirement in LAMC Section 104.20;
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq.*;
- An Owner is an individual who holds office in, is employed by any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity; and,
- An Owner is an entity incorporated outside of the United States.

DCR recommends the Commission approve the issuance of this Annual License.

**CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:**

The Applicant seeks conversion of an existing Retail Storefront (Type 10) Temporary Approval to an Annual License to be located on an existing site zoned for General Commercial, [Q]C2-1VL-CDO at 7537 N Reseda Boulevard (Assessor's Parcel Number 2118-012-016). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations would be seven days per week from 10:00 a.m. to 8:00 p.m. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit A). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq.* and 105.00 *et seq.*, as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

**CEQA PROJECT ANALYSIS & FINDINGS:**

**Land Use/Zoning Designations**

General Commercial/[Q]C2-1VL-CDO

**Surrounding Land Use/Zoning Designations**

Low Medium II Residential / R1-1

General Commercial / [Q]C2-1VL-CDO

**Subject Property**

The subject site is a fully developed lot within the Reseda - West Van Nuys Community Plan Area. The lot is approximately 123 feet deep and a width of 31 feet along Reseda Boulevard. The site is currently developed with a Commercial - Store - One Story building, built in 1948 proposed to be maintained.

The site has a General Commercial land-use designation and is zoned [Q]C2-1VL-CDO. The site is located within Council District 4, Reseda Neighborhood Council, and the lot is flat and contains a pre-existing building to be used by the Applicant.

**Abutting Properties**

Abutting uses include residential and commercial uses within 200 feet of the site. The immediate area along Reseda Boulevard is predominantly developed with Low Medium II Residential uses, zoned R1-1, and General Commercial, zoned [Q]C2-1VL-CDO (See Exhibit A)

**CEQA Findings**

CEQA Guidelines, Sections 15301 & 15332, Class 1 & Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.

These conditions are met as follows: The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities.

a) The site is comprised of one lot totaling approximately 3,000 gross square feet, zoned [Q]C2-1VL-CDO with a Commercial - Store - One Story building originally constructed in 1948. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The subject site is wholly within the City of Los Angeles, on an approximately 3,000 gross square foot property (i.e., less than five acres), and is substantially surrounded by commercial and residential uses. The surrounding area is zoned Low Medium II Residential and General Commercial, and developed with a mix of residential and commercial buildings along Reseda Boulevard between Saticoy Street and Cohasset Street.

c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.

d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have

physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 & 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

**DEPARTMENT OF CANNABIS REGULATION RECOMMENDED ACTIONS:**

That the Cannabis Regulation Commission:

1. Determine, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approve the Annual License for Type 10 Storefront Retail Commercial Cannabis Activity at the Business Premises location; and,
3. Adopt DCR's Project Analysis & Findings as the Commission's report on the subject.

**Project Description:** *Insert project description information or reference where this information is located.*

The proposed cannabis retail storefront will be located at 7537 N. Reseda Street in a CEQA Exempt Class 1 Existing Facility built in 1948, consisting of one-story commercial store. The proposed cannabis retail storefront is 949 sq. ft. as one of three tenants in a commercial structure on a 2999.9 sq. ft. parcel. The other 2 businesses bear address 7537 1/2 (Discount Store) and 7539 N. Reseda Blvd (Mis Raices Salvadorean Restaurant). This address is close to the intersection of Saticoy Street. Google maps informs the proposed cannabis retail storefront is located next to Canoga Muffler Auto Center Muffler Shop and Five Star Tint Reseda (noted to be temporarily closed) with a business called Leon's Transmissions directly across the street on Reseda Blvd. and Honda of Reseda further down across the street.

**CEQA Exemption Petition**Class: 1 Category: Existing Facility

Explanation of how the project fits the CEQA exemption indicated above:

The proposed cannabis retail storefront project is exempt because it is located in a one story commercial structure built in 1948 for commercial use. This facility uses public utilities provided by Los Angeles County Department of Water and Power ("LAC-DWP") and does not create an environmental impact. There is no soil exposure, grass, shrubs, bushes or trees on this parcel.

1. **Source(s) of Information:** Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.*

Attached is Google vicinity map and street view of the commercial building where this project will be located.

2. **Project Location and Surrounding Land Use.**

- (a) Describe Project Location: *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*

The proposed cannabis retail storefront will be located in a one story commercial structure built in 1948 for commercial use with a small paved parking behind the retail project that accommodates a few vehicles. The building is bordered by Reseda Blvd in the front near the intersection of Saticoy Street.

- (b) Existing Land Uses/Zoning: *Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*

Zoning for the project site is [Q]C2-1VL-CDO and consists of a one-story commercial structure with small paved parking lot directly behind the proposed retail storefront. The surrounding land uses are commercial. All abutting land uses to the project site are commercial. Co-tenants in the same one-story structure are a Discount Store and Mis Raices Salvadorean Restaurant. Adjacent to the proposed location is Canoga Muffler Auto Center Muffler Shop and Five Star Tint Reseda (noted temporarily closed) with a business called Leon's Transmissions directly across the street on Reseda Blvd. with Honda of Reseda across the street further down.

- (c) Previous Use: Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

The landlord has informed the prior tenant was a kitchen and lighting remodeling company.

- (d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

Pursuant to the landlord, the proposed location has not been used for cannabis activities.

- (e) Maps to be Included: *Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).*

**3. Project Operations/Description.** Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.

- (a) Activities Occurring Onsite: *Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).*

The proposed retail storefront will operate in compliance with all DCR/DCC rules and regulations and operational requirements. This will include responsible management, implementing all security measures (surveillance cameras/system, security plan, security personnel, alarm systems, having limited-access areas, among others). DCR will be notified of any irregularities or criminal activities. The retail store will maintain and retain records. All employees will enroll in standardized training for cannabis retail within the first 3 months with DCR/LAPD (and within 2 months for new hires) as well as refresher course completion every 24 months. Hours of operation will be 10 am to 8 pm. A proper Age Verification Device will be used before patrons may enter the store, requiring each patron to present proper identification. Patrons must be at least 21 years old to enter - unless 18 years old for medical products with a doctor's recommendation. All patrons will be monitored by employees for the duration they remain in the retail sales area. The store will remain firmly locked and alarmed when closed. All cannabis products, the store surveillance system and sale proceeds will be securely locked in a separate safe room in compliance with all required specifications. All cannabis goods will be handled, displayed, removed and destroyed in compliance with all required specifications. All cannabis goods will be handled, displayed, removed and destroyed in compliance with Rule 5(A), including maintaining an accurate record of inventory and sales. Sales will not exceed the established max daily limit as required by the State. All goods sold at the retail store will be produced by lawfully licensed commercial cannabis businesses. SEIA Gene Williams was selected during Retail Round 2 lottery and has assigned 49% shares to FSG-Inc./SEIA Reza Sadaf.

- (b) Cannabis Operation Activities Owned by the Same or Different Businesses: *Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.*

The proposed retail storefront will be owned by Gene Williams who assigned 49% shares to Full Spectrum Group, Inc. (FSG-Inc)/ Reza Sadafi. Exclusive to FSG-Inc./Reza Sadafi only is a fully-licensed cannabis micro business (cultivation, distribution, non-volatile manufacturing, & non-storefront delivery) with DCR/DCC. In addition, exclusive to FSG-Inc./Reza Sadafi is the seeking of a nursery license at a separate and distinct location with both DCR and DCC.

- (c) Project Size: *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*

The proposed cannabis retail project size is 949 sq. ft.; Zimas states the lot size is 2,999.9 sq. ft;

- (d) State License: *Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.*

The proposed cannabis retail storefront project will seek license/approval forthwith from DCC.

- (e) Hours of Operation/Work Shifts: *Identify the hours of operation/work shifts for the project.*

Hours of Operation: 10:00 am to 8:00 pm  
There will be two 6 hours shifts:  
10:00 am to 2:00 pm;  
2:00 pm to 8:00 pm.

- (f) Number of employees (total and by shift): *Estimate the number of anticipated employees onsite and occupancy during operating hours.*

Two employees; one security guard.

- (g) **Estimated Daily Trip Generation:** *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

1-2 deliveries a day estimated at this time - one delivery per shift.

- (h) **Source(s) of Water:** *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

LAC-DWP.

- (i) **Wastewater Treatment Facilities:** *Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).*

N/A

**4. Environmental Setting:**

- (a) Describe natural characteristics on the project site:

There are no natural characteristics on the project site - no soil, grass, trees, shrubs or bushes.

- (b) General Topographic Features (slopes and other features):

The project's retail storefront unit will be inside a single story commercial structure on flat ground with a small paved surface parking lot behind the proposed retail project.

- (c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

None - see answer to 4(a) above.

- (d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

N/A

- (e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

N/A

- (f) Identify whether the property has any historic designations or archeological remains onsite:

N/A

- (g) Identify whether the property contains habitat for special status species:

N/A

- (h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

N/A

- (i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

The proposed cannabis retail storefront will not increase the quantity or type of solid waste as defined.

- ④ Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

LAC-DWP will provide the retail store with electrical power for its lights, alarms, computers (including Age Identification Machine, sales and records retention, inventory, etc.) surveillance cameras and system, among others. The electrical energy consumption is anticipated to be similar to other retail non-cannabis businesses.

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

N/A

6. Environmental Commitments: *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*

It is not anticipated the proposed retail store would have any negative environmental impact that would require a commitment, but the project would be open to a commitment should it become relevant.

7. Other Relevant CEQA Information: *Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant).*

The existing facility was built in 1948 and no modifications will be implemented to the structure for the proposed project. There are no other sources of information known to applicant that will assist the Department's review.

8. **Permits Required:** *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

- ☒ California Department of Cannabis Control
- ☒ Los Angeles Fire Department
- ☒ Los Angeles Department of Building and Safety
- ☐ California Department of Fish and Wildlife
- ☐ State Water Resources Control Board / Regional Water Quality Control Board
- ☒ County of Los Angeles Public Health Permit
- ☐ Local Air District
- ☐ Streambed Alteration Agreement
- ☐ Water quality protection program
- ☒ Los Angeles Department of Water and Power
- ☒ Los Angeles Department of Public Works, Bureau of Sanitation

**Partial List of Categorical Exemptions under CEQA**

*Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.*

<b>Class</b>	<b>Category</b>	<b>Description</b>
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
