**Present Land Use/Zoning/General Plan Designation:** GC-HOD, General Commercial/Housing Overlay Designation

**Project Description:** *(please use a separate page if necessary)*

The District is proposing to construct a new pump station at the Marin City Pond, which will divert flood waters to Richardson Bay via a culvert located within the Caltrans right-of-way. A new platform-type pump station would be constructed at the northeast corner of the Pond to provide a permanent solution to reduce flooding in Marin City and to maximize the limited flow capacity across U.S. Highway 101.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

## Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".  
If you have already sent your document to the agency please denote that with an "S".
