Mitigated Negative Declaration for the Marin City Pond Pump Station Flood Reduction Project

Project Address: 190 Donahue Street, Marin City **APN(s):** 052-490-08

Applicants: Marin County Flood Control and Water Conservation District (District)

Project Planner: Roger Leventhal, Senior Engineer (415) 473-3249 EnvPlanning@MarinCounty.gov

Project Summary: The District is proposing to construct a new pump station at the Marin City Pond, which will divert flood waters to Richardson Bay via a culvert located within the Caltrans right-of-way. A new platform-type pump station would be constructed at the northeast corner of the Pond to provide a permanent solution to reduce flooding in Marin City and to maximize the limited flow capacity across U.S. Highway 101.

Comment Period Commences: Thursday, May 15, 2025

Last Day to Submit Comments: Monday, June 16, 2025 at 4:00pm
