Present Land Use/Zoning/General Plan Designation:

Water conveyance

Project Description: *(please use a separate page if necessary)*

DWR is requesting a time extension to continue appropriating water under its existing permits without altering the existing permitted quantities or rates, purpose of use, season of use, points of diversion, or places of use. As the petitioner and project applicant, the Department of Water Resources (DWR) will prepare an Environmental Impact Report (EIR) for the petition it filed with the State Water Resources Control Board (State Water Board) for a water right extension of time (Extension of Time) to modify the timeframe of Conditional Water Rights to allow continued operation of the State Water Project (SWP) for water supply and hydropower operations that go beyond historical maximums established prior to January 1, 2010 but remain consistent with the existing conditions of the permits. The EIR will be prepared pursuant to the California Environmental Quality Act (CEQA), California Public Resources Code sections 21000, et seq., and the CEQA Guidelines, Title 14 of the California Code of Regulations sections 15000, et seq. DWR will be the lead agency for this EIR. (see additional pages attached)

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "**X**".
If you have already sent your document to the agency please denote that with an "**S**".

____	Air Resources Board	X	Office of Historic Preservation
