Present Land Use/Zoning/General Plan Designation:Open space / Multiple designations / Multiple zone districts**Project Description:** (please use a separate page if necessary)

The Routine Maintenance Project consists of routine maintenance activities along and within 27 publicly-maintained streams, wetlands, waterways, and adjacent habitats throughout the Santa Cruz city limits, including a location at the City's Resource Recovery Facility that supports the City's landfill. The primary purpose of annual routine maintenance activities is to maintain adequate flood capacity and utility access, maintain existing stormwater and wastewater infrastructure, reduce fire fuel, remove non-native vegetation and remove debris from illegal encampments.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
