Project Title: Tideland Use and Occupancy Permit to Wyatt Driscoll for Recreational Piers, Ramps, Floats, and Berthing at Shelter Island

Project Applicant: Laurie Wyatt Driscoll, 929 Scott Street, San Diego, CA 92106; (619) 226-2500

Project Location – Specific: 929 Scott Street, San Diego, CA 92106

Project location – City: San Diego

Project Location – County: San Diego

Description of Nature, Purpose, and Beneficiaries of Project: The proposed project is a renewal of a Tideland Use and Occupancy Permits (TUOP) to Laurie Wyatt Driscoll (Tenant) for their continued use of approximately 3,729 sq. ft. of tideland and water areas (Premises) located southerly of 929 Scott Street, located in the City of San Diego, California. The proposed project renewal is not a separate project for CEQA purposes, but it is a subsequent approval related to the previously approved TUOP issued in July 2020 and expired December 2022 (Project No. 2020-079). No new development, construction, or increase in the size of the properties is proposed or authorized as part of this TUOP renewal. The area proposed for use under this TUOP is currently and is proposed to be used only and exclusively for the purpose of a recreational pier, associated ramp and float, berthing of recreational boats, and such other non-exclusive uses as may be approved by the Executive Director of the San Diego Unified Port District (District) and for no other purpose whatsoever without the prior written consent of the Executive Director of District in each instance. Boats to be berthed at the piers would be owned by the Tenant as evidenced by proof of documentation and restricted to the boundaries of the permitted Premises; the Executive Director of District may approve the berthing of other recreational boats owned by guests or invitees of the Tenant. Activities of Tenant would not interfere with the use and enjoyment by the general public of those portions of the piers as designated by for public use including the unrestricted right of access on all portions of the pier beginning from the foot of the pier adjacent to the land, to the gate near the pierhead. The Tenant shall post legible and visible signs stating that the public portions of each pier are open to the public. The Tenant, however, may restrict the general public's right of access to public portions of the piers to daylight hours only, from one hour before sunrise to one hour after sunset (according to the National Weather Service) and to non-public portions of the piers via a locked gate. The Tenant would be responsible for compliance with all laws and regulations associated with the activities on or in connection with the above-described premises, and in all uses thereof, including those regulating stormwater and hazardous materials.

It is anticipated that the TUOP would have a total term of approximately five (5) years. The TUOP may be terminated by the District or Tenant as a matter of right and without cause at any time upon providing thirty (30) days' notice in writing to the other part of such termination.

Name of Public Agency Approving Project: San Diego Unified Port District (SDUPD)

Exempt Status: (Check one):

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080(b)(3); 15269(a));
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- Categorical Exemption(s): Existing Facilities (SG § 15301) (Class 1)**
- Statutory Exemption. State code number:

Tenant Project No. 2025-052

Reason Why Project is Exempt: The proposed project is determined to be Categorical Exempt pursuant to California Environmental Quality Act (CEQA) Guidelines Section 15301 (Existing Facilities) and Section 3.a.4. of the District's Guidelines for Compliance with CEQA because it is the renewal of a TUOP for piers, ramps, floats, and boat berthing, and would involve no expansion of use beyond that previously existing and would not result in a significant cumulative impact due to the continuation of the existing use. Section 3.a.4 of the District's CEQA Guidelines is as follows:

3.a. Existing Facilities (SG § 15301) (Class 1): Includes operation, repair, maintenance, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that previously existing.

(4) New and renewed short-term tenancy agreements which do not result in change in the existing use. This exemption does not apply to any new development associated with the activities of the tenant. This exception is also inapplicable if the cumulative impact of continuing the existing use or condition in the same place, over time, is significant.
