NOTICE OF EXEMPTION

Project Title:

2025 Neighborhood Traffic Management Projects - County Contract No. 4662

Control Number:

PLER2025-00021

Project Location:

The project includes multiple locations as identified in the following list and shown on Attachment 1. All project activities would be within the public right of way.

- 37th Ave (Sampson Blvd – Nina Way)
- 41st St (37th Ave – 41st Ave)
- Blackhawk Dr (Palmer House Dr – Power Inn Rd)
- Brevard Dr (Marsannay Way – Wentle Way)
- Chris Ave (Florin Rd – Tierra Glen Way)
- Cottonwood Ln (Stevenson Ave – Cutler Way)
- Cutler Way (Trimmer Way – Point Loma Way)
- Palmer House Dr (Lindale Dr – Florin Rd)
- Reese Rd (Mcnie Ave – 2000 ft south of Mcnie Ave)
- Spengler Dr (Cliffcrest Dr – Cutler Way)
- Torino Way (Grand Cru Dr – Inderkum Way)
- El Ricon Way (Los Molinos Way – La Sierra Dr)
- Jan Dr (Moraga Dr – Winding Way)
- Kenneth Way (Mission Ave – Walnut Ave)
- Menlo Ave (Paloma Ave – Fair Oaks Blvd)
- Polk St (Myrtle Ave – Madison Ave)
- Schuyler Dr (Crestview Dr north – Crestview Dr south)
- U St (24th St – 28th St)
- W 6th St (W Elkhorn Blvd – W M St)
- Trujillo Way (Tango St – Starfire Dr)

APN:

Not applicable – within the public right of way.

Description of Project:

Sacramento County Department of Transportation (SacDOT) will place asphalt concrete speed tables, speed tables with pedestrian paths, speed tables with half pedestrian paths, speed bumps, speed bumps with pedestrian paths, speed bumps with half pedestrian paths at the locations identified above. All proposed improvements would be completed within the existing right of way, and there would be no changes to the traffic capacity or pavement striping.

Name of Public Agency Approving Project:

Sacramento County – ceqa@saccounty.gov

Person or Agency Carrying out Project:

Noel Pacheco
Sacramento County, Department of Transportation
4111 Branch Center Road, Sacramento, CA 95827
916-874-5677
pachecon@saccounty.gov

Exempt Status:

Categorical Exemption (PRC Section 21084; CEQA Guidelines Sections 15300-15333):

- CEQA Guidelines Section 15301 – Existing Facilities

Reasons Why Project is Exempt:

Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features involving negligible or no expansion of existing or former use. The project is located within existing County right of way along paved roadways, within residential neighborhoods in developed areas. Subsection (c) includes existing streets, sidewalks, gutters, and similar facilities (including road grading for the purpose of public safety) and other alterations such as the addition of pedestrian crossings, street trees, and other similar alterations that do not create automobile lanes. Implementation of the project would include the installation of speed tables and speed bumps to improve traffic management within neighborhoods and is therefore exempt from the provisions of CEQA.

Section 15300.2-Exceptions

Section 15300.2 of the CEQA Guidelines, Exceptions, provides conditions under which categorical exemptions are inapplicable. Review of the Project indicates that it will not violate any of the exceptions, as described in the following section.

1. *For Classes 3, 4, 5, 6, and 11, will the project have an impact on an environmental resource of hazardous or critical concern where designated, precisely mapped, and officially adopted pursuant to law by federal, state, or local agencies?*

The project exemption is not one of the above classes and this exception does not apply.

2. *Will cumulative impacts be considerable because successive projects of the same type will occur at the same place over time?*

The installation of speed tables and speed bumps along existing roadways within developed neighborhoods would not result in cumulative impacts.

3. *Is there a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances?*

There are no known unusual circumstances that will have a significant effect on the environment.

4. *Will the project result in damage to scenic resources, including but not limited to trees, historic buildings, rock outcroppings, or similar resources within a highway officially designated as a scenic highway?*

The project is not located within the vicinity of a designated scenic highway.

5. *Is the project located on a site which is included on any list compiled pursuant to Section 65962.5 of the Government Code?*

The project site is not included on any list compiled pursuant to Section 65962.5 of the Government Code.

6. *Will the project cause a substantial adverse change in the significance of a historic resource?*

The project site does not contain any historical resources.
