Project Title: Calming Prescribed Burn

Project Applicant: Sonoma Resource Conservation District

Project Location - Specific:

4614 Cavedale Road, Glen Ellen (MDM-T06N-R5W-07)

Project Location - City: Glen Ellen

Project Location - County: Sonoma

Description of Nature, Purpose and Beneficiaries of Project:

The project area is located at 4614 Cavedale Road, Glen Ellen, which is a private property in the Sonoma Creek sub-watershed. The proposed project involves a 11.8-acre prescribed broadcast burn. Cavedale Road will serve as the western and northern containment lines, and private driveways will act as the eastern and southern containment lines. No additional site preparation is required. The prescribed burn is scheduled for June 2025 but will occur no later than July 4th.

The majority of the project area is comprised of annual and perennial grassland, though mixed conifer-hardwood, hardwood, conifer, and riparian forests are also present. A pond is located in the southeast. This 11.8-acre area is designated as a very high fire hazard severity zone. Slopes are generally gentle and the aspect is variable. Gouilding clay loam, 30 to 50% slopes, and rockland underlie the project area; Gouilding clay loam has a rapid runoff and high hazard of erosion. A Class I watercourse, Hooker Creek, is present in the eastern half of the area.

Operational limitations for watercourses shall include a no operation buffer without clearance from a qualified Registered Professional Forester or qualified biologist determining non-presence of species listed under the Federal or State Endangered Species Act.

Name of Public Agency Approving Project: Sonoma Resource Conservation District

Name of Person or Agency Carrying Out Project: Mason Lewis/ Sonoma Valley Fire District

Exempt Status: **(check one):**

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080(b)(3); 15269(a));
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- Categorical Exemption. State type and section number: 15304 Minor Alteration to Land
- Statutory Exemptions. State code number: _____

Reasons why project is exempt:

The project is exempt because Project activities will not involve the removal of healthy, mature, or scenic trees, and will not result in a substantial alteration of the current function of the land. This project has been reviewed and approved by a Registered Professional Forester attesting that the activities proposed in this project will only have the potential for at most impacts that are less than significant to the environment, having provided adequate measures for avoidance of sensitive environmental resources. Project specific analysis is on file at the RCD.
