

# Summary Form for Electronic Document Submittal

**Form F**

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Community Center Park Master Plan

Lead Agency: City of Lincoln

Contact Name: Araceli Cazarez

Email: araceli.cazarez@lincolnca.gov

Phone Number: 916-434-2486

Project Location: 2010 1st Street Lincoln, CA 95648

Placer

*City*

*County*

Project Description (Proposed actions, location, and/or consequences).

The project site is located on an approximately 5.1-acre rectangular lot and includes the existing Community Center, which is located on approximately 1.1 acres. Major recreational amenities and features provided by the proposed project would include a skate park; a basketball court; pickleball courts; a lawn field; a playground with permeable resilient surfacing; an intergenerational plaza; and classrooms. Other components include pedestrian concrete paving, north and south parking lots, restrooms, tables and chairs, a shade structure, and a decorative metal fence. Phase I would consist of the skate park and pedestrian paths linking the skate park to the existing Community Center. Phase II would consist of the basketball court; pickleball courts, lawn area/field, playground with permeable resilient surfacing, an intergenerational plaza, and classrooms.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

There are no significant or potentially significant effects the project will have. However, there are several less than significant effects with mitigation incorporated as listed below:

BIO-1: Avoid and Minimize Impacts on Special-Status Bird and Raptor Species-Conduct species surveys within 14 days prior to the start of construction as specified in measure. Implement buffers, avoidance, and/or monitoring during construction as determined necessary.

BIO-2: Participate in Placer County Conservation Program and Pay into In-Lieu Fee Program for Impacts to Vernal Pool Habitat.

CUL-1: Cultural Resources Awareness Training and Inadvertent Discovery of Archaeological Resources -Conduct training program for all construction and field personnel prior to any project ground-disturbing and/or construction activities. Implement procedures for inadvertent discovery of archaeological resources and/or human remains during construction.

CUL-2: Inadvertent Discovery of Human Remains -Implement procedures for discovery and treatment of human remains during construction.

NOI-1: Vibration Avoidance and Reduction Measures - implement measures to minimize vibration levels during construction.

TCR-1: Inadvertent Discovery of Tribal Cultural Resources - Implement procedures for discovery and treatment of tribal cultural resources during construction.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None to date.

Provide a list of the responsible or trustee agencies for the project.
