Project Description (Proposed actions, location, and/or consequences).

The applicant requests a Minor Subdivision of existing four (4) parcels totaling 426 acres, into ten (10) agricultural lots, over 41 acres each. The project will convert more than 342 acres of current cattle pasture to active row crops. The subdivision is part of a proposed family compound for five residences and ten parcels are proposed to be farmed together.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The Project will not result in significant and unavoidable impacts with mitigation measures incorporated. Mitigation measures are incorporated to avoid impacts to biological species and habitat and cultural resources.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

No areas of controversy are known at this time.

Provide a list of the responsible or trustee agencies for the project.
