Project Title: 680094_Crimson_OG

Project Applicant: Crimson Resource Management Corp. (Crimson)

Project Location: Kern County, Lost Hills; Sec. 02, Twn. 26S, Rng. 20E, Base MD; Latitude:
35.6879050, Longitude: -119.795124

Project Description: Crimson Resource Management Corp. proposes to sidetrack a total of one existing Oil & Gas injection/production well in the existing and heavily developed Lost Hills Oil Field to continue oil and gas resource development. **The project will involve** drilling and completing a sidetrack wellbore and returning the well to production within the same completion zone. The well received a final letter of abandonment on 8/4/2021.

The proposed project consists of the California Department of Conservation, Geologic Energy Management Division (CalGEM) approving one permit for Crimson Resource Management Corp. to perform sidetrack work on the well listed below, in the Lost Hills Oil Field.

API #	Well Name
0403053684	Section 2 HE-Z2

Exempt Status: As the Lead Agency, CalGEM has determined that the proposed project is exempt from full environmental review requirements of the California Environmental Quality Act (CEQA), pursuant to the specified exemptions marked in the section below. CalGEM further finds that the proposed project would not result in a significant adverse impact to the environment, or that any of the exceptions to the application of the exemptions apply (14 CCR § 15300.2).

Exemption Type		Statute (PRC)	Regulation (14 CCR)	
<input type="checkbox"/>	Statutory Exemption:			
<input type="checkbox"/>	Ongoing Project (<i>pre-CEQA approval on April 5, 1973</i>)	21169	15261 (b)

<input type="checkbox"/>	General Exemption ("common sense")		15061 (b)(3)	
<input type="checkbox"/>	Not a "Project" subject to CEQA		15378 (b)(2)	
<p><u>CEQA Exceptions to the Exemptions (14 CCR § 15300.2):</u> where project is located (e.g., sensitive environment); Cumulative Impact; Significant Effect due to Unusual Circumstances; Scenic Highways; Hazardous Waste Sites; Historical Resources.</p>				

Reasons Why Project is Exempt: The basis for CalGEM's determination that the project is exempt from the requirements of CEQA is provided in the brief explanation below.

Class 1, Existing Facilities (14 CCR §§ 15301, 1684.1): The "Class 1" (14 CCR § 15301) exemption is applicable per the CEQA Guidelines and CalGEM's regulations (14 CCR § 1684.1) because the proposed work consists of repair, maintenance, or minor alteration of an existing previously permitted well involving no expansion of former use. The Class includes, but is not limited to: remedial, maintenance, conversion, and abandonment work on oil, gas, injection, and geothermal wells. The well would maintain its existing well type and the use of the well would remain the same as before.

Class 2, Replacement or Reconstruction (14 CCR § 15302): Class 2 applies because it consists of "replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced[.]" Examples of
