Project Description: *(please use a separate page if necessary)*

The California Department of Transportation (Caltrans) has prepared an Initial Study with Proposed Mitigated Negative Declaration (IS/MND) for the proposed Marin City Second Culvert Project (Project). The Project would construct a new drainage system to convey stormwater flows from west of U.S. Highway 101 (US 101) to Richardson Bay in Marin City. The Project would also replace damaged storm drain pipes in the US 101/Donahue Street interchange area and repair uneven pavement on US 101 within the Project area. The Project area is along US 101 from Post Mile (PM) 3.3 to 3.7 and on Donahue Street adjacent to the US 101 southbound on- and off-ramps.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "**X**".
If you have already sent your document to the agency please denote that with an "**S**".

X	Air Resources Board	X	Office of Historic Preservation
	Boating & Waterways, Department of		Office of Public School Construction
