Present Land Use/Zoning/General Plan Designation:

Medium Density Residential (MDR); Mixed-Use (MU); Currently zoned as Agricultural (AG)

Project Description: (please use a separate page if necessary)

The District Proposed Project includes the installation of a new 84-inch reinforced concrete pipe (RCP) and 96-inch RCP from Edison Avenue to Chino Avenue. Additionally, the existing 66-inch RCP will be replaced with a 72-inch RCP from Chino Avenue to just south of the Grove Basin. Furthermore, the project would replace manholes, junction structures, involve reconstruction of the roadway and associated driveways, and remove existing outlet structures to enhance water flow management. The pipeline disturbance area has a width of 14 feet and a total pipeline length of 6,583 feet from Edison Avenue to East Riverside Drive. The project also involves an excavation depth of up to a maximum of 27 feet.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
