RECOMMENDATION REPORT FOR RETAIL WITH ON-SITE SALES COMMERCIAL CANNABIS LICENSE

Pursuant to Los Angeles Municipal Code (LAMC) Section 104.06, the following application for commercial cannabis activity is complete and the Department of Cannabis Regulation (DCR) has determined the Applicant meets the requirements for the issuance of an Annual License for the commercial cannabis activity listed below. DCR recommends that the Cannabis Regulation Commission approve the issuance of an Annual License. DCR also has determined this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to the Class 1 and Class 32 categorical exemptions.

DCR Core Record No.:	101788
Applicant Name:	Doctor Kush World Collective, LLC
DCR Record No. / Activities Requested:	LA-R-24-101788-ANN / Retail w/ on-site sales (Type 10)

Environmental Analysis/Clearance: ENV-101788-ANN	Notice of Exemption pursuant to the Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332)

BACKGROUND:

The Business Premises is located at 7569 W Melrose Avenue, Los Angeles, CA 90046 a parcel zoned for Neighborhood Commercial purposes. The Applicant was issued Temporary Approval by DCR with an effective date of January 4, 2018. Since that time, the Applicant has completed all requirements for the issuance of an Annual License in accordance with LAMC Section 104.06. The Applicant currently possesses a State provisional License, application number, to conduct Retail with on-site sales Commercial Cannabis Activity, which is active through expiration date. The Applicant is/is not subject to the requirements of LAMC Section 104.20 for the Social Equity Program.

DEPARTMENT ANNUAL LICENSING RECOMMENDATION:

DCR recommends approving the Annual License for the Applicant based on the following factors:

- The Applicant has met the Application requirements under LAMC Section 104.03.
- The Business Premises location meets the requirements under LAMC Section 105.02.
- The Application does not contain any grounds for denial under LAMC Section 104.04.

COMMUNITY INPUT:

On or about May 9, 2025, DCR provided notice of the community meeting and Cannabis Regulation Commission meeting by mail to the owners and occupants of all property within 700 feet of the property line of the Business Premises. Notice was also provided to the nearest Neighborhood Council, Business Improvement District, and Council Office.

The virtual community meeting was held on May 29, 2025. During the meeting, members of the public were afforded two minutes each to speak. DCR did not receive oral or written testimony for this Applicant.

Number of Comments In Favor of the Application	0
Number of Comments Against the Application	0
Total Number of Comments	0

The Applicant provided timely proof to DCR that it contacted the nearest Neighborhood Council and offered to appear before the Neighborhood Council in accordance with LAMC Section 104.06(b)(1)(ii).

COMPLIANCE REVIEW:

On October 24, 2024, DCR conducted a compliance inspection and a Notice to Correct was issued on January 9, 2025, for the following deficiencies/violations of the Rules and Regulations for Cannabis Procedures. The Licensee's representative was debriefed by DCR following the inspection and was informed of the deficiencies found.

1. **Regulation 5(A)(2)(i) - Display of License.** The Neighborhood Liaison contact information, DCR Temporary Approval License and the Business Tax Registration Certificate (BTRC) were not posted for public viewing. (VT Minor) *Corrected*
2. **Regulation No.5(A)(3)(i) - No Physical Changes without Approval.** The camera locations on the Business Premises diagram do not match the locations on site. The security/storage rooms are not properly labeled on the diagram. (VT Moderate) *Corrected*
3. **Regulation 5(A)(4)(i)(A) - Security Measures.** The camera located in the exterior portion of the front entrance to the building was non-operational. (VT Moderate) *Corrected*
4. **Regulation 5(A)(6)(iv) - Loitering.** The "No Loitering, Public Drinking, or Public Smoking/Consumption of Cannabis" sign was not posted on the inside of the premises, and there was a sandwich board sign on the outside of the premises. (VT Minor) *Corrected*

Therefore, it is DCR's position that this compliance check did not reveal any serious concerns that impacted DCR's ability to recommend this Applicant for licensure. The violations may be remedied within 30 days without jeopardizing public safety. Moreover, this Applicant shall be subject to multiple, further inspections by DCR and other agencies prior to the receipt of an Operating Permit.

THERE ARE NO EXISTING REASONS TO DENY AN ANNUAL LICENSE:

DCR or the Cannabis Regulation Commission may deny an Annual Application for the reasons stated in LAMC section 104.04. These denial reasons include, but are not limited, to:

- The Business Premises is substantially different from the diagram of the Business Premises submitted by the Applicant or Licensee;
- Denying DCR employees or agents access to the Business Premises;
- Procuring a License by fraud or deceit, making a material misrepresentation, false statement, or knowingly failing to disclose a material fact;
- Failing to timely to provide DCR with requested information, forms or documents;
- Denial of a license, permit or other authorization to engage in Commercial Cannabis Activity by any state or other local licensing authority;
- Creation of a significant public safety problem as documented by a law enforcement agency;
- Engaging in unlicensed Commercial Cannabis Activity in violation of Section 104.15;
- Revocation of Temporary Approval;
- Failing a Business Premises inspection by DCR, another City agency, or the Los Angeles County Department of Public Health; or
- The Business Premises was the site of a utility disconnect, padlocking or certain criminal convictions for a period of 5 years from the date of the conviction, padlock or disconnect;
- Improper zoning or distancing of the Business Premises from Sensitive Uses under LAMC Section 105.00 *et seq.*;
- An Owner is an individual who holds office in, is employed by any agency of the State of California and any of its political subdivisions when the individual's duties include the enforcement or regulation of Commercial Cannabis Activity or any other penal provisions of law of the State of California prohibiting or regulating Commercial Cannabis Activity; and,
- An Owner is an entity incorporated outside of the United States.

DCR has been made aware the Applicant is delinquent on paying their business taxes to the Office of Finance as required by LAMC Section 21.51. This is a violation of the DCR Rules and Regulations 3(A)(1) and 5(A)(1)(xiii). DCR has been instructed not to issue Notices of Violation (NOV) for this violation type until policymakers conduct a hearing on tax compliance.

DCR recommends the Commission approve the issuance of this Annual License.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PROJECT DESCRIPTION:

The Applicant seeks conversion of an existing Retail Storefront (Type 10) Temporary Approval to an Annual License to be located on an existing site zoned for Neighborhood Commercial, [Q]C2-1XL-CPIO at 7569 W Melrose Avenue (Assessor's Parcel Number 5526-013-024). The Project-Specific Information (LIC-4013-FORM) submitted by the Applicant states that existing structures will remain with no expansion proposed (Exhibit A). Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations would be seven days per week from 11:00 a.m. to 7:00 p.m. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Exhibit A). Compliance with Los Angeles Municipal Code Sections 104.00 *et seq.* and 105.00 *et seq.*, as well as DCR's Rules and Regulations, does not waive or otherwise circumvent any other City or State requirements or necessary permits from the City, State, or other public agencies, such as the Los Angeles Department of Building and Safety, the Los Angeles Fire Department, or the Los Angeles County Public Health Department. Full compliance with all applicable regulations for the proposed cannabis use(s) are assumed in this analysis.

CEQA PROJECT ANALYSIS & FINDINGS:

Land Use/Zoning Designations

Neighborhood Commercial/[Q]C2-1XL-CPIO

Surrounding Land Use/Zoning Designations

Neighborhood Commercial / [Q]C2-1XL-CPIO
Low II Residential / R1-1

Subject Property

The subject site is a fully developed lot within the Hollywood Community Plan Area. The lot is approximately 113 feet deep and a width of 41 feet along Melrose Avenue. The site is currently developed with a Commercial - Store - One Story building, built in 1924 proposed to be maintained.

The site has a Neighborhood Commercial land-use designation and is zoned [Q]C2-1XL-CPIO. The site is located within Council District 5, Mid City West Neighborhood Council, and the lot is flat and contains a pre-existing building to be used by the Applicant.

Abutting Properties

Abutting uses include commercial and residential uses within 200 feet of the site. The immediate area along Melrose Avenue is predominantly developed with Neighborhood Commercial uses, zoned [Q]C2-1XL-CPIO, Low II Residential, zoned R1-1. (See Exhibit A)

CEQA Findings

CEQA Guidelines, Sections 15301 & 15332, Class 1 & Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses; (c) The project site has no value as habitat for endangered, rare or threatened species; (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services.

These conditions are met as follows: The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities.

a) The site is comprised of one lot totaling approximately 4,402 gross square feet, zoned [Q]C2-1XL-CPIO with a Commercial - Store - One Story building originally constructed in 1924. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The subject site is wholly within the City of Los Angeles, on an approximately 4,402 gross square foot property (i.e., less than five acres), and is substantially surrounded by commercial and residential uses. The surrounding area is zoned Neighborhood Commercial, and Low II Residential; and developed with a mix of commercial and residential buildings, along Melrose Avenue between Curson Avenue and Sierra Bonita Avenue.

c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.

d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified

School District, Los Angeles Public Library, and other public services. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. The project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources, historic building(s), and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for Class 1 and Class 32 categorical exemptions (tit. 14, Cal. Code Regs., §§ 15301, 15332) and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Sections 15301 & 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

DEPARTMENT OF CANNABIS REGULATION RECOMMENDED ACTIONS:

That the Cannabis Regulation Commission:

1. Determine, based on the whole of the administrative record, that the project is exempt from the California Environmental Quality Act (CEQA) pursuant to Article 19, Section 15301, Class 1, and Article 19, Section 15332, Class 32 of the State CEQA Guidelines (tit. 14, Cal. Code Regs., §§ 15301, 15332), and there is no substantial evidence demonstrating that an exception to a categorical exemption pursuant to CEQA Guidelines Section 15300.2 applies;
2. Pursuant to Los Angeles Municipal Code Section 104.06(b)(2), approve the Annual License for Type 10 Storefront Retail Commercial Cannabis Activity at the Business Premises location; and,
3. Adopt DCR's Project Analysis & Findings as the Commission's report on the subject.

Project Description: *Insert project description information or reference where this information is located.*

The project involves minor modifications to an existing building and site, consisting of interior tenant improvements, installation of security features (lighting, cameras), ministerial changes required to meet local building, fire, and/or public health permit requirements in order to operate a commercial cannabis storefront retail business. No demolition of buildings or other features is proposed. The project is consistent with the general plan designation and zoning designation and distance requirements from sensitive uses for commercial cannabis retail activity at the site. The site is entirely developed with buildings and hardscape features within the limits of the City of Los Angeles and is substantially surrounded by urban uses.

CEQA Exemption PetitionClass: 1 and 32 Category: Existing Facilities + In-Fill Development Projects

Explanation of how the project fits the CEQA exemption indicated above:

The project is consistent with the general plan designation, all applicable general plan policies, and zoning designation and regulations for commercial cannabis activity at the site. The project site is less than 5 acres in size and is substantially surrounded by urban uses within the limits of the City of Los Angeles. The project involves minor modifications to an existing building and site, consisting of interior tenant improvements, installation of security features (lighting, cameras), ministerial changes required to meet local building, fire, and/or public health permit requirements to operate a commercial cannabis storefront retail business. No demolition of buildings or other features is proposed.

1. **Source(s) of Information:** Identify Sources: *Indicate the document(s) or other sources of information reviewed to complete this form.*

ZIMAS (City of Los Angeles Zone Information and Map Access System); property records; premises diagrams and site plans of the property; Department of Cannabis Regulation application for a commercial cannabis license; Department of Cannabis Regulation's draft Notice of Exemption; google maps.

2. **Project Location and Surrounding Land Use.**

- (a) Describe Project Location: *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*

Project is located at 7569 Melrose Ave, in between N Curson Ave and N Sierra Bonita Ave. The surrounding buildings are largely other commercial businesses, such as CoolKicks (shoe store), American Vintage (vintage clothing store) and Fathom (clothing store).

- (b) Existing Land Uses/Zoning: *Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*

Project Site: Commercial (C4-1XL-O).
Abutting Land Uses: Commercial (C4).
Surrounding Land Uses: Commercial (C4), Residential (R1, R2, RD1.5).

- (c) Previous Use: Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

The project site was previously used as a commercial cannabis business. Applicant was not able to ascertain when such previous operations ceased.

- (d) Was the site previously used for a similar use? The key consideration is whether the project involves negligible or no expansion of an existing use.

The site was previously used for a similar use and there is no expansion of existing use.

- (e) Maps to be Included: *Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).*

3. Project Operations/Description. Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.

- (a) Activities Occurring Onsite: *Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).*

The commercial cannabis activities occurring at the premises include adult-use and medicinal retail sales, which includes the sale and delivery of cannabis and cannabis products to retail customers.

- (b) Cannabis Operation Activities Owned by the Same or Different Businesses: *Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.*

There are no additional cannabis activities at the project site.

- (c) Project Size: *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*

Project size: 3,680 sq. ft.; Lot Size: 4,402.2 sq ft.

- (d) State License: *Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.*

The applicant holds a Type 10 storefront provisional state license.

- (e) Hours of Operation/Work Shifts: *Identify the hours of operation/work shifts for the project.*

The anticipated hours of operation are Monday - Sunday from 11am to 7pm. There will be one full-time work shift per day from 11am to 7pm. There will be three part-time work shifts per day, one opening shift, one middle shift and one closing shift.

- (f) Number of employees (total and by shift): *Estimate the number of anticipated employees onsite and occupancy during operating hours.*

Applicant anticipates a total of 4-5 employees on-site throughout the day. Applicant estimates a combined occupancy of 10 people between staff and customers at any given time.

- (g) Estimated Daily Trip Generation: *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

Frequency of deliveries and transportation activity at the site will be typical of any retail use. Applicant estimates 1-3 shipments of inventory per week arriving to the project site during business hours. The Applicant is not currently conducting a delivery operations.

- (h) Source(s) of Water: *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

The water source for the project site is the Los Angeles Department of water and power. No new or amended water right needs to be obtained from the State Water Resources Control Board.

- (i) Wastewater Treatment Facilities: *Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).*

Los Angeles Department of Sanitation. The facility does not utilize any other wastewater treatment system.

4. Environmental Setting:

- (a) Describe natural characteristics on the project site:

The project is situated in a commercial zone, on concrete flat land.

- (b) General Topographic Features (slopes and other features):

None

- (c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

No notable natural characteristics

- (d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

None

- (e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

None

- (f) Identify whether the property has any historic designations or archeological remains onsite:

None

- (g) Identify whether the property contains habitat for special status species:

None

- (h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

There are no hazardous materials stored, used, or disposed of at the project site.

- (i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

Project will not increase the quantity and type of solid waste or hazardous waste, that is generated or stored on-site. No hazardous waste will be generated or stored on site and the amount of solid waste generated will be minimal. All cannabis waste shall disposed of in accordance with all applicable waste management laws.

- ④ Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

The energy for the project is supplied by Los Angeles Department of Water and Power. The anticipated amount of energy used per day is approximately 143.33 kWh. Applicant does not expect an increase in energy demand or need for additional energy resources.

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

The project activities will not expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat.

6. Environmental Commitments: *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*

Applicant will develop and implement an Odor Management Plan ("OMP") to mitigate any potential odors. The OMP shall include odor mitigation practices, procedure for logging and addressing odor complaints, and maintenance of records relating to odor management.

7. Other Relevant CEQA Information: *Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant).*

None

8. Permits Required: *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

- ☒ California Department of Cannabis Control - **provisional license issued**
- ☒ Los Angeles Fire Department
- ☒ Los Angeles Department of Building and Safety
- ☐ California Department of Fish and Wildlife
- ☐ State Water Resources Control Board / Regional Water Quality Control Board
- ☒ County of Los Angeles Public Health Permit - **in process**
- ☐ Local Air District
- ☐ Streambed Alteration Agreement
- ☐ Water quality protection program
- ☒ Los Angeles Department of Water and Power
- ☒ Los Angeles Department of Public Works, Bureau of Sanitation

Partial List of Categorical Exemptions under CEQA

Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.

Class	Category	Description
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
