Project Title: Permit No. 19483-1 Authorize Existing Agricultural Facilities

Project Applicant: Donald & Donna Heiny

Project Location: The project is located along the right (north) bank of the San Joaquin River, at 14054 Crows Landing Road, at 37.42951°N 121.00564°W, Reclamation District 2063, San Joaquin River, Stanislaus County.

Project Description To authorize; an existing 16-foot wide gate, existing fruit trees and agricultural fields located more than 10 feet from the waterside levee toe, an existing water storage tank, an existing pump on the waterside berm, existing irrigation lines to waterside farming, an existing 4.5-foot by 5.5-foot concrete vault, and 10 inch steel irrigation pipe through levee 4 feet below crown of levee, existing ramps along the landside and waterside levee slopes as shown in levee as-constructed drawing 7-4-1555 STA 286+05 & 286+25, an existing concrete irrigation standpipe on land side of levee toe. shown in levee as-constructed drawing 7-4-1555 STA 281+33. This permit supplements and where in conflict supersedes the conditions in Permit No. 19483.

Public Agency Approving Project: Central Valley Flood Protection Board (Board)

Exempt Status:

☒ Ministerial (Sec. 21080(b)(1); 15268);

☐ Common Sense Exemption (CEQA Sec. 15061(b)(3))

☐ Categorical Exemption:

☐ Statutory Exemption: _____

Reasons Why Project is Exempt:
The Board has determined that issuance of Permit No. 19483-1 is a ministerial action pursuant to Public Resources Code section 21080(b)(1) and California Code of Regulations, title 14, sections 15300.1 and 15369. The reissuance does not authorize a new project or any changes to the previously approved project activities. The action is limited to correcting an error in the size of the existing pipe, and the Board has no discretionary authority to modify the project based on environmental considerations. Accordingly, CEQA review is not required for issuance of Permit No. 19483-1, and the prior CEQA determination for Permit No. 19483 remains applicable.
