Project Title: 565178_CREH_OG

Project Applicant: California Resources Elk Hills, LLC

Project Location: Kern County, Elk Hills Oil Field; Section 26/Township 31S/Range 23E/B&M MD; Latitude: 35.19800186/Longitude: -119.47309113

Project Description:

CREH proposes to rework 63A-26B existing oil and gas well located in the Buena Vista Hills Oilfield. The proposed rework is located on Federal surface to Federal minerals. The rework consists of recompletion and add pay. The proposed rework falls under Group A and B of CalGEM's rework exemptions guidance document published in December 2023. The proposed rework will take approximately 7 to 10 days to complete.

The proposed project consists of the California Department of Conservation, Geologic Energy Management Division (CalGEM) approving a permit for California Resources Elk Hills, LLC to rework the well listed below, in the Buena Vista Oil Field.

API #	Well Name
0403006153	63A-26B

Exempt Status: As the Lead Agency, CalGEM has determined that the proposed project is exempt from full environmental review requirements of the California Environmental Quality Act (CEQA), pursuant to the specified exemptions marked in the section below. CalGEM further finds that the proposed project would not result in a significant adverse impact to the environment, or that any of the exceptions to the application of the exemptions apply (14 CCR § 15300.2).

Exemption Type		Statute (PRC)	Regulation (14 CCR)	
<input type="checkbox"/>	Statutory Exemption:			
<input type="checkbox"/>	Ongoing Project (<i>pre-CEQA approval on April 5, 1973</i>)	21169	15261 (b)

<input type="checkbox"/>	General Exemption ("common sense")		15061 (b)(3)	
<input type="checkbox"/>	Not a "Project" subject to CEQA		15378 (b)(2)	
<p>CEQA Exceptions to the Exemptions (14 CCR § 15300.2): where project is located (e.g., sensitive environment); Cumulative Impact; Significant Effect due to Unusual Circumstances; Scenic Highways; Hazardous Waste Sites; Historical Resources.</p>				

Reasons Why Project is Exempt: The basis for CalGEM's determination that the project is exempt from the requirements of CEQA is provided in the brief explanation below.

Class 1, Existing Facilities (14 CCR §§ 15301, 1684.1):

Class 1 consists of the "operation, repair, maintenance, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features involving negligible or no expansion of use beyond that existing previously." This includes "remedial, maintenance, conversion, and abandonment work on oil, gas, injection, and geothermal wells involving the alteration of well casing, such as perforating and casing repair, removal, or replacement; installation or removal of downhole production or injection equipment, cement plugs, bridge plugs, and packers set to isolate production or injection intervals." (14 CCR § 1684.1.) The proposed project would make minor alterations to the well(s), resulting in negligible expansion of use beyond that existing previously. The proposed project and related permit approval is consistent with the laws
