**Project Title:** Redding Electric Utility Substation Facility Maintenance Project 2025-2026 and 2026-2027

**Project Location – Specific:** Various locations within the City

**Project Location – City:** Redding **Project Location – County:** Shasta

**Description of Project:** The Redding Electric Utility (REU) will perform ongoing general maintenance and repair activities at the REU Substation facilities, as required to provide continuous service and protect the health and safety of the public. Maintenance and repair activities will be conducted on the Substation buildings, structures, mechanical equipment, fences, and property. Work will involve minor interior and exterior building/structure repair, painting, fence repair, access road repair, and vegetation removal for public safety and security purposes. The vegetation will be chipped and used on-site or transported to a City disposal facility. All work will be conducted on City property.

**Name of Public Agency Approving Project:** City of Redding

**Name of Person or Agency Carrying Out Project:** Clint Torrence, REU Electric Programs Supervisor - Substations

**Exempt Status:** *(check one)*

- Ministerial [Section 21080(b)(1); 15268]
- Declared Emergency [Section 21080(b)(3); 15269(a)]
- Emergency Project [Section 21080(b)(4); 15269(b)]
- Statutory Exemptions. State code number:
- Common Sense Exemption (This project does not fall within an exempt class, but it can be seen with certainty that there is no possibility that the activity may have a significant effect on the environment (14 CCR 15061[b][3]).
- Categorical Exemption. State type and section number: Section 15301. Existing Facilities
  - No exceptions apply that would bar the use of a categorical exemption (PRD 21084 and 14 CCR 15300.2).

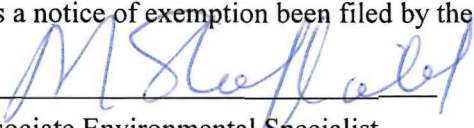

**Reasons why project is exempt:** Class 1 exemptions include the operation, repair, maintenance, or minor alteration of existing public structures and facilities. The Substation facilities will undergo general maintenance over the course of fiscal years 2025-2026 and 2026-2027; however, the maintenance activities will result in negligible or no expansion of use. The action areas are within previously disturbed areas and do not have significant values for wildlife habitat or other environmental resources and the project has no potential to have a significant effect on the environment.
