Present Land Use/Zoning/General Plan Designation:

Agricultural Lands (AL) within Agricultural District and Important Biological Corridor / Planned Agriculture 20 Acres

Project Description: (please use a separate page if necessary)

A Tentative Parcel Map dividing an approximately 169.85-acre property into three (3) parcels that are respectively 40.05, 40.01, and 89.79 acres (Parcels A, B, and C). The proposed project does not consist of any physical construction on the existing project site, and thus this Initial Study is not required to evaluate the physical environmental effects of construction of new facilities. Rather, this Initial Study evaluates the reasonably foreseeable consequences of the parcel map, in particular, any uses that would be allowed "by-right" without further environmental review. These net new by-right uses could consist of residential units and agricultural structures, such as barns. The project site would be served by private on-site wells and septic systems. Electric service would be provided through Pacific Gas & Electric facilities.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
