

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

SCH #: _____

Project Title: Lynwood Park Stormwater Capture Project

Lead Agency: City of Lynwood

Contact Name: Ahmad R. Ansari, P.E., Acting City Engineer

Email: aansari@Lynwoodca.gov Phone Number: (310) 603-0220

Project Location: Lynwood Los Angeles
City *County*

Project Description (Proposed actions, location, and/or consequences).

The Project would construct a regional stormwater runoff capture facility within Lynwood Park to provide multiple benefits including improved flood control, water quality, and water supply (through infiltration to groundwater). The stormwater facility would involve two stormwater diversion structures which would divert water from LACFCD East Compton Creek storm drains located along Bullis Road and Birch Street into an underground capture, treatment, and infiltration facility situated beneath the existing soccer fields. The Project would also include in-kind replacement of existing facilities within the site that require demolition to implement the regional stormwater capture facility with new recreation facilities and features; a butterfly garden and ephemeral stream; native landscaping; and a concrete walking path as a new passive recreation opportunity in the park. The proposed Project would be constructed in one phase lasting approximately 18 months, beginning in Spring 2027.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Biological Resources: MM BIO-1 (MBTA/Nesting Birds/Biological Monitoring)
Cultural Resources: MM CUL-1 (Archaeological Resources/Monitoring)
Geology and Soils: MM GEO-1 (Paleontological Resources/Monitoring)
Noise and Vibration: MM NOI-1 (Construction Timing); MM NOI-2 (Equipment Noise Abatement Maintenance); MM NOI-3 (Equipment Idling); MM NOI-4 (Pile Driving)
Recreation: MM BOI-1, MM CUL-1, MM GEO-1, MMs NOI-1 through NOI-4

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

Provide a list of the responsible or trustee agencies for the project.

California Department of Fish and Wildlife
Los Angeles County
Los Angeles Regional Water Quality Control Board
State Water Resources Control Board
U.S. Army Corps of Engineers
