**Present Land Use/Zoning/General Plan Designation:**

Developed Landscaping Area; No zoning (roadway and transportation); No general plan designation (roadway and transportation)

**Project Description:** (please use a separate page if necessary)

The proposed project would make transportation intersection improvements by installing a roundabout with bicycle and pedestrian facilities at the intersections of Ferrari Ranch Road and Ingram Parkway and Ferrari Ranch Road and Sun City Boulevard. Improvements would primarily be within existing City right-of-way (Approximately 740,920 Square feet or 17.01 Acres). The project would include landscaping improvements (plant pallet – native water efficient plants) and new sidewalks that would tie into existing sidewalks along Ferrari Ranch Road, Ingram Parkway, and Sun City Boulevard. The proposed project would improve safety, reduce traffic delays, reduce operations and maintenance costs. The project is located within a central part of the City of Lincoln in an area primarily dominated by residential and recreational use. The purpose of the project is to improve intersection operations, reduce travel time delay, improve pedestrian accessibility, and enhance overall safety at the intersections.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

## Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".  
If you have already sent your document to the agency please denote that with an "S".
