

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Ferrari Ranch Road Improvement Project

Lead Agency: City of Lincoln

Contact Name: Roland Neufeld

Email: Roland.Neufeld@LincolnCA.gov

Phone Number: (916) 434-2481

Project Location: Lincoln

City

Placer

County

Project Description (Proposed actions, location, and/or consequences).

The proposed project would make transportation intersection improvements by installing a roundabout with bicycle and pedestrian facilities at the intersections of Ferrari Ranch Road and Ingram Parkway and Ferrari Ranch Road and Sun City Boulevard. Improvements would primarily be within existing City right-of-way (Approximately 740,920 Square feet or 17.01 Acres). The project would include landscaping improvements (plant pallet – native water efficient plants) and new sidewalks that would tie into existing sidewalks along Ferrari Ranch Road, Ingram Parkway, and Sun City Boulevard.

The proposed project would improve safety, reduce traffic delays, reduce operations and maintenance costs. The project is located within a central part of the City of Lincoln in an area primarily dominated by residential and recreational use. The purpose of the project is to improve intersection operations, reduce travel time delay, improve pedestrian accessibility, and enhance overall safety at the intersections.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The Initial Study/Mitigated Negative (ISMND) Declaration identified potentially significant impacts for the following California Environmental Quality Act (CEQA) issue areas: Biological Resources, Cultural Resources, Geology/Soils, Hydrology/Water Quality, and Tribal Cultural Resources.

The ISMND includes mitigation measures that would sufficiently reduce impacts related to the issue areas listed above to a less than significant level.

The ISMND determined that the project would not result in any impacts that would remain significant and unavoidable after implementation of all feasible mitigation measures. Specific mitigation measures to reduce potential impacts are discussed in their respective chapters.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None identified at this time.

Provide a list of the responsible or trustee agencies for the project.
