Project Title: West Central Landfill Maintenance Project FY 2025-2026 and 2026-2027

Project Location – Specific: West Central Landfill: 14095 Clear Creek Road, Igo, CA 96047

Project Location – City: Igo **Project Location – County:** Shasta

Description of Project: The City of Redding (City) proposes to conduct ongoing operation, general maintenance, and repair activities at the West Central Landfill. As required to provide continuous service and protect the health and safety of the public, work will involve; controlling leachate; repairing fill cover; installing erosion controls; monitoring, controlling and remediating methane levels; controlling and collecting windblown materials; weighing and measuring loads; directing the public to disposal locations; transporting, dumping, crushing and then covering waste with soil; controlling dust; maintaining and repairing heavy equipment, vehicles, and tools; placing hazardous waste materials in containers and preparing for transport.

Name of Public Agency Approving Project: City of Redding

Name of Person or Agency Carrying Out Project: Paul Clemens, Deputy Director of Public Works

Exempt Status: *(check one)*

- Ministerial [Section 21080(b)(1); 15268]
- Declared Emergency [Section 21080(b)(3); 15269(a)]
- Emergency Project [Section 21080(b)(4); 15269(b)]
- Statutory Exemptions. State code number:
- Common Sense Exemption (This project does not fall within an exempt class, but it can be seen with certainty that there is no possibility that the activity may have a significant effect on the environment (14 CCR 15061[b][3]).
- Categorical Exemption. State type and section number: Section 15301. Existing Facilities
 - No exceptions apply that would bar the use of a categorical exemption (PRD 21084 and 14 CCR 15300.2).

Reasons why project is exempt: Class 1 exemptions include the operation, repair, maintenance, or minor alteration of existing public structures, facilities, and equipment. West Central Landfill facilities and equipment will undergo general operation, repair, and maintenance over the course of fiscal years 2025-2026 and 2026-2027; however, these activities will result in negligible or no expansion of use. The action area is limited to the landfill, applicable regulatory agency permits are on file, and the purpose of this activity is to maintain proper functioning of the landfill. The project has no potential to have a significant effect on the environment.
