Subject: Extension of Review Period – Woodcrest Retail Center Project (SCH# 2025060993)

The purpose of this memo is to formally notify the LCI State Clearinghouse of an update to the review period for the Woodcrest Retail Center Project (SCH# 2025060993).

This update is a direct result of a request from Riverside County, acting as Lead Agency, to align with their Notice of Availability publication in the local newspaper, which took place today (9/29/26). Consequently, the review period has been extended to ensure full compliance and adequate notice.

This update changes the timeline as follows:

- Original Review Period: September 25, 2026 – November 9, 2026
- New Review Period: **September 29, 2026 – November 12, 2026**

Please update our Project records on CEQAnet to reflect this new review period, particularly the review period end date extension.

Thank you for your assistance in ensuring a thorough and compliant review process.
