**Present Land Use/Zoning/General Plan Designation:**

W-2 Zoning (Controlled Development Area)

**Project Description:** *(please use a separate page if necessary)*

The Project involves a landfill expansion at the Lamb Canyon Landfill to increase permitted disturbance area by 180.5 acres, from 703.4 to 883.9 acres, and expand the disposal footprint from 144.6 to 502.2 acres (Proposed Project). This will provide approximately 50 years of additional landfill capacity to the region.

In addition to an expansion of the waste disposal footprint and operation, other landfill activities will continue to occur and may expand within the proposed disturbance limits, including, but not limited to the following: soil excavation, soil stockpiling, retention and sedimentation basins, materials storage, equipment parking and maintenance, landfill access road construction and maintenance, drainage control construction and maintenance, implementation of energy recovery systems, waste recycling and organics processing, household hazardous waste collection, residential waste collection, landfill gas and groundwater/leachate monitoring and management, flare systems, gate fee booth and truck scales, office buildings and parking, electric vehicle charging stations and/or the on-site relocation of these ancillary uses/activities, as necessary.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

## Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".  
If you have already sent your document to the agency please denote that with an "S".
