

**Notice of Intent to Adopt
Negative Declaration
Alpine County 2025 Regional Transportation Plan**

The proposed project is the adoption and implementation of the 2025 Alpine County Regional Transportation Plan (RTP). The 2025 Alpine County Regional Transportation Plan will serve as the planning blueprint to guide transportation investment in the county involving local, State, and Federal funding over the next 20 years. The project area consists of the entire County of Alpine. Each project identified in the 2025 RTP contributes to system preservation, capacity enhancement, safety, and/or multimodal enhancements. This RTP focuses on developing a coordinate and balance multimodal regional transportation system that is financially constrained to the revenues anticipated over the life of the plan (2045). The analysis in this initial study found no impacts that are anticipated to be potentially significant on a regional system-wide level.

The Alpine County Local Transportation Commission (ACLTC), as the designated Regional Transportation Planning Agency (RTPA), is required by State law to prepare the RTP and transmit it to the California Department of Transportation (Caltrans) every five years. The RTP is required to be developed as per State legislation, Government Code §65080 et seq. of Chapter 2.5. The last full Alpine County RTP update was adopted in 2020.

A public hearing will be held at the Alpine Local County Transportation Commission Meeting on August 5, 2025, at 11:00 AM in the Government Center Board Chambers, located at 99 Water St Markleeville, CA 96120. The document is proposed to be adopted at this same meeting.

This document has been filed with Alpine County Department of Public Works and is available for inspection and review at:

Alpine County Public Works
99 Water St.
Markleeville, CA 96120

The public review and comment period for this document is from June 26, 2025, through July 27, 2025. Written comments concerning this document will be accepted through the last day of the review period.
