

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Redhawk Golf Course Specific Plan Amendment

Lead Agency: City of Temecula

Contact Name: Eric Jones

Email: eric.jones@temeculaca.gov Phone Number: 951-506-5115

Project Location: City of Temecula, County of Riverside
City *County*

Project Description (Proposed actions, location, and/or consequences).

The Project proponent is seeking a Specific Plan Amendment to the Redhawk Specific Plan and a Conditional Use Permit to expand the range of uses allowed within the existing outdoor Pavilion at the Redhawk Golf Course and modify related standards. The existing Pavilion is located between the main parking lot and driving range and is currently permitted to host outdoor golf-related events such as tournaments and award ceremonies. The proposed Project would allow for additional types of events such as weddings, banquets, meetings, corporate events, and other private events at the Pavilion. It is assumed that these special events may include amplified music/sound systems within the covered pavilion. Currently, there is no restriction to the number of events. The Project would allow events any day of the week, but not more than three times per week.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The Project would have potentially significant effects which can be reduced to less than significant levels after the implementation of mitigation with respect to the generation of substantial temporary or permanent increase in ambient noise levels.

In order to comply with the City of Temecula Noise Ordinance, noise levels from amplified speakers shall be limited to a maximum of 84 dBA Leq at a distance of 50 feet, and the speaker location shall be limited to the southeast corner of the Pavilion. A designated golf course representative/event coordinator shall complete a noise measurement at 50 feet downstream from (or directly in front of) the amplified speakers and ensure the noise level does not exceed 84 dBA Leq. A noise meter or cellular device-based decibel meter application shall be utilized to complete the noise measurement and adjust the speaker output volume. The speaker volume shall be adjusted to ensure that the maximum permissible noise level of 84 dBA Leq is not exceeded. The designated golf course representative/event coordinator shall maintain a logbook documenting the date and time of calibration (84 dBA at 50 feet) for each event that occurs. The designated golf course representative/event coordinator shall maintain each record for 90 days from the date of calibration. Upon request by the City of Temecula Code Enforcement, and only after the filing of a formal noise complaint by an adjacent resident, the logbook shall be provided to the City for verification.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

Event noise.

Provide a list of the responsible or trustee agencies for the project.

None.
