Project Description: (please use a separate page if necessary)

The California Department of Transportation (Caltrans) proposes the Middletown Safety South Project on State Route 29 between Post Miles 5.0 and 5.9 in Lake County. The proposed project work includes shoulder widening to accommodate standard shoulder widths (8' width), left turn channelization, two way left turn lane (TWLTL), new and modified curb ramps, bulbouts, approximately 1,200 feet of new sidewalk, lighting, installation of two pedestrian-activated rectangular rapid flashing beacons (RRFB), and extending two existing culverts to maintain drainage (PM 5.24 and the system at PMs 5.37-5.45). Additional drainage system improvements include replacement of 1 culvert and repair to 1 drainage inlet.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
