SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code section 21108

State Clearinghouse Number: 2025070612

Project Title: Big Trees Parkway Bridge Deck Replacement (Streambed Alteration Agreement EPIMS Notification No. CAL-64009-R2)

Project Location: The project is located at the North Fork Stanislaus River, in the County of Calaveras, State of California; Latitude 38.26989, Longitude -120.27112 (WGS 84 datum, decimal degrees) or Section 24, Township 5N, Range 15E, U.S. Geological Survey (USGS) map Dorrington, Mount Diablo Meridian, approximately 5.5 miles east of the State Park entrance where Big Trees Parkway crosses the North Fork Stanislaus River; Assessor's Parcel Number 025-005-026-000.

Project Description: The California Department of Fish and Wildlife (CDFW) has executed Streambed Alteration Agreement EPIMS Notification Number CAL-64009-R2, pursuant to section 1602 of the Fish and Game Code to the project Applicant, Joel Bonilla.

The project is limited to replacing the deteriorated and temporarily reinforced concrete roadway deck, walkway, and guardrail system at the Big Trees Parkway bridge (Bridge No. 30P-0001) over the North Fork Stanislaus River through the use of a temporary shoring platform. The proposed bridge would be 236 feet long and 36 feet wide and the necessary roadway approach improvements would be made to accommodate the new bridge deck. Pier footings would be widened by 12 inches (approximately 18.2 square feet) and would require the placement of 30 cubic yards of additional concrete around the existing footing on each streambank, with work for the west side taking place within the North Fork Stanislaus River.

This is to advise that CDFW, acting as a Responsible Agency, executed the above-described Streambed Alteration Agreement on the date signed below and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

Notice of Determination

1. The project will not have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2. CDFW considered the mitigated negative declaration prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures were made as a condition of CDFW's approval of the project.
4. A mitigation reporting or monitoring plan was not adopted by CDFW for this project.
5. A statement of overriding considerations was not adopted by CDFW for this project.
6. Findings were not made by CDFW pursuant to California Code of Regulations section 15091.

The mitigated negative declaration prepared for the project is available to the general public at the office location listed above for the Lead Agency. CDFW's record of execution of the above Streambed Alteration Agreement as Responsible Agency is available at CDFW's regional office.
