## California Environmental Quality Act Notice of Exemption

**To:** Office of Land Use and Climate Innovation  
 State Clearinghouse  
 1400 Tenth Street, Room 113  
 Sacramento, CA 95814

**From:** Department of Conservation  
 715 P Street, 18<sup>th</sup> Floor  
 Sacramento, CA 95814  
**Contact:** CEQA@conservation.ca.gov

**Project Title:** 707030\_Wild Goose\_Rework\_UGS

**Project Applicant:** Wild Goose Storage (WGS) LLC.

**Project Location:** Butte, Wild Goose Gas; 17/17N/01E/MD; 39.32418442, -121.88338470

**Project Description:** Per the CalGEM rules for Underground Gas Storage Projects that became effective October 1, 2018, WGS performed a casing inspection on well Wild Goose Gas Unit 2 WG29HZ in June 2024 and found some intervals that have exterior wall loss. The work was executed under Permit #7045043. WGS proposes to repair this well and return it to active gas storage operations. The permit from 2024 is closed; WGS is submitting a new NOI to perform this supplemental repair work. Proposed work will be performed using a service rig. The well is currently temporarily plugged and has a temporary tubing string. Work will involve pulling the tubing, removing the plug, and cementing a new liner to surface. The well will then be re-configured by installing a tubing on packer assembly, followed by pressure test(s) to confirm the liner and tubing/packer integrity.

The proposed project consists of the California Department of Conservation, Geologic Energy Management Division (CalGEM) approving 1 permit for Wild Goose Storage LLC to rework the well listed below, in the Wild Goose Gas Oil Field, to address well integrity issues.

API #	Well Name
0400720106	Wild Goose Gas Unit 2 WG29HZ

**Exempt Status:** As the Lead Agency, CalGEM has determined that the proposed project is exempt from full environmental review requirements of the California Environmental Quality Act (CEQA), pursuant to the specified exemptions marked in the section below. CalGEM further finds that the proposed project would not result in a significant adverse impact to the environment, or that any of the exceptions to the application of the exemptions apply (14 CCR § 15300.2).

Exemption Type		Statute (PRC)	Regulation (14 CCR)	
<input type="checkbox"/>	<b>Statutory Exemption:</b>			
<input type="checkbox"/>	Ongoing Project ( <i>pre-CEQA approval on April 5, 1973</i> )	21169	15261 (b)	
<input type="checkbox"/>	Ministerial	21080 (b)(1)	15268	
<input type="checkbox"/>	Declared Emergency	21080 (b)(3)	15269 (a)	
<input type="checkbox"/>	Emergency Projects	21080 (b)(4)	15269 (b) or (c)	
<input checked="" type="checkbox"/>	<b>Categorical Exemption:</b>	21084		
<input checked="" type="checkbox"/>	<b>Class 1:</b> Existing Facilities		15301	1684.1
<input checked="" type="checkbox"/>	<b>Class 2:</b> Replacement or Reconstruction		15302	
<input type="checkbox"/>	<b>Class 3:</b> New Construction/Conversion of Small Structures		15303	
<input checked="" type="checkbox"/>	<b>Class 4:</b> Minor Alterations to Land		15304	1684.2
<input type="checkbox"/>	<b>Class 7:</b> Protection of Natural Resources		15307	
<input type="checkbox"/>	<b>Class 8:</b> Protection of the Environment		15308	
<input type="checkbox"/>	<b>Class 11:</b> Accessory Structures		15311	
<input type="checkbox"/>	<b>Class 21:</b> Enforcement Actions to revoke a permit		15321	
<input type="checkbox"/>	<b>Class 30:</b> Minor Actions to Prevent, Minimize, Stabilize, Mitigate, or Eliminate a Release (Actual or Threat) of Hazardous Substances (Waste or Material)		15330	
<input type="checkbox"/>	<b>Class 33:</b> Small Habitat Restoration Projects		15333	
<input type="checkbox"/>	<b>General Exemption</b> ("common sense")		15061 (b)(3)	
<input type="checkbox"/>	<b>Not a "Project" subject to CEQA</b>		15378 (b)(2)	
<p><b>CEQA Exceptions to the Exemptions (14 CCR § 15300.2):</b> where project is located (e.g., sensitive environment); Cumulative Impact; Significant Effect due to Unusual Circumstances; Scenic Highways; Hazardous Waste Sites; Historical Resources.</p>				

**Reasons Why Project is Exempt:** The basis for CalGEM's determination that the project is exempt from the requirements of CEQA is provided in the brief explanation below.

**Class 1, Existing Facilities (14 CCR §§ 15301, 1684.1):** The "Class 1" (14 CCR § 15301) exemption is applicable per the CEQA Guidelines and CalGEM's regulations (14 CCR § 1684.1) because the proposed work consists of repair, maintenance, or minor alteration of an existing previously permitted well involving no expansion of former use. The Class includes, but is not limited to: remedial, maintenance, conversion, and abandonment work on oil, gas, injection, and geothermal wells. The well would maintain its existing well type and the use of the well would remain the same as before.

**Class 2, Replacement or Reconstruction (14 CCR § 15302):** Class 2 applies because it consists of "replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have

substantially the same purpose and capacity as the structure replaced.]” Examples of Class 2 include, but are not limited to, “Replacement or reconstruction of existing utility systems and/or facilities involving negligible or no expansion of capacity.” The proposed project is the rework of the existing wellbore which is needed to return it to active gas storage operations. The rework will be on the same site and would have substantially the same purpose and capacity as the well did before the rework. Additionally, no additional construction will occur.

**Class 4, Minor Alterations to Land (14 CCR §§ 15304, 1684.2):** Class 4 exemption applies. The proposed project would be conducted entirely on an existing pad with enough space to contain all equipment. The project would not disturb any undisturbed areas. The proposed project is located within an industrial area. Therefore, the proposed project “consists of drilling operations that result in only minor alterations with negligible or no permanent effects to the existing condition of the land, water, air, and/or vegetation.” The rework would not expand the facility.

**Exceptions to Exemptions:** CalGEM further finds that there are no exceptions to the application of the categorical exemptions (PRC § 21084; 14 CCR § 15300.2 (c)) referenced above. There is no substantial evidence that there are any “unusual circumstances” associated with the proposed project that create a reasonable possibility that the activity will have a significant effect on the environment. In addition, CalGEM further finds that there are no significant “cumulative impacts” resulting from successive projects of the same type in the same place. Therefore, reliance on the exemption(s) is appropriate.

A copy of this Notice of Exemption (as required by 14 CCR § 15062(a)) and all other related materials are available for public inspection at CalGEM's Sacramento office, located at 715 P St., Sacramento, CA 95814; or an electronic copy of these documents may also be accessed online at the State Clearinghouse: <https://ceqanet.opr.ca.gov>.
