Project Description:

This project, located in Santa Barbara County on State Route 246 from post miles 30.173 to 30.435, proposes to replace the Alamo Pintado Bridge (Bridge Number 51 0130), which is rated scour critical. The scope of work includes installing straight abutment walls under the bridge, placing rock slope protection to protect the abutments, road embankment, and nearby existing infrastructure, and upgrading four existing outdated Americans with Disabilities Act curb ramps at the Alamo Pintado Road intersection. The proposed bridge work includes building a 14-foot-wide Class 1 Bikeway (multiuse path) with a 2-foot-wide barrier separating the path and the travelway. A retaining wall is proposed on the northeast side of the bridge, connecting the new Class 1 Bikeway to the existing one and allowing continuous travel to the Alamo Pintado Road intersection.
