Revised 2011

OCT 28 2025

Tuolumne County Clerk
 By: 
 Deputy

Project Description:

The City is updating the General Plan Housing and Safety Elements in order to align them with other General Plan Elements, as required by State law, including the Land Use, Circulation, Conservation and Open Space, Noise, Public Facilities and Services, Air Quality, Cultural Resources, Economics, Community Identify, and Parks and Recreation Elements. Both updates strive to align with recently enacted State laws and meet State requirements. The Safety Element Update is intended to adopt new climate change and wildfire mitigation strategies that will help the City better prepare for possible new and more severe climate scenarios.

The proposed Housing Element Update describes and analyzes the housing needs of Sonora residents and the issues confronted by the City, and provides goals, policies, and quantified objectives related to the maintenance, preservation, improvement, and development of housing.

The Safety Element Update (SEU) analyzes potential natural and human-caused hazards to safety in the City and provides goals, policies, and actions to minimize these hazards. The SEU evaluates hazards that may affect existing and future development and growth and provides guidelines for protecting the community and minimizing harm to the extent feasible. The goal of the SEU is to reduce the risk of injury, death, property loss, and other hardships to acceptable levels. Periodic updates of the Safety Element ensure that goals and policies remain relevant and responsive to community needs, hazard situations, and State law.

The proposed project includes two policy documents that do not include any actual development of parcels. No development is proposed.
