Project Description (Proposed actions, location, and/or consequences).

McIntosh & Associates (applicant), on behalf of Camino Media Properties, LLC (property owner), has requested a Zone Change to change the existing zoning from R-2/PUD (Small Lot Single-Unit Dwelling/Planned Unit Development) to R-4 (High Density Multi-Unit Dwelling) on approximately 11.22 acres [Assessor's Parcel Numbers (APN) 390-300-29 and -30].

The project intends to develop a 191-unit, two-story apartment complex with on-site recreation amenities as a clubhouse/fitness facility and a swimming pool and cabana.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Potentially significant effects that could result from the proposed project were identified in the Initial Study and include: Air Quality, Biological Resources, Cultural Resources, Greenhouse Gas Emissions, and Traffic. Mitigation was identified for all potentially significant effects that reduce impacts to less than significant. Mitigation measures include the following: compliance with the San Joaquin Valley Air Pollution Control District's Indirect Source Rule and air quality control measures (Air Quality); pre-construction cultural awareness training from a qualified cultural resources specialist and procedures for inadvertent discoveries of unanticipated paleontological and cultural resources, and human remains (Cultural); and participation in the Regional Transportation Impact Fee Program, and obtainment of a street permit or approval of a Traffic Control Plan from the City Public Works Department (Traffic).

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

The Lead Agency knows of no known areas of controversy, including issues raised by agencies and the public.

Provide a list of the responsible or trustee agencies for the project.

The responsible or trustee agencies for the project are:

San Joaquin Valley Air Pollution Control District, California Department of Fish and Wildlife, State Water Resources Control Board.
