WILL-SERVE NOTICE

Subject: Will Serve Letter for 4301 Temple City Boulevard, Temple City, California 91731

Dear Customer,

This is to advise that California American Water will supply water service, without exception to the subject property. However, arrangements **may** have to be made for the installation of water service(s) or other appurtenances. Any costs associated with the installation of water service(s) or other appurtenances will be the sole responsibility of the property owner.

To provide adequate water flow for fire protection, as may be required by the cognizant fire department, the exact size and length of any main, fire service or fire hydrant that may have to be installed will have to be determined by a qualified hydraulics engineer (by other than the Water Company).

The quality of water delivered by California American Water meets all requirements of the California State Department of Health Services and the Los Angeles County Health Department.

If you have any questions or concerns regarding this correspondence, please contact me at (626) 614-2515.

Regards,

CALIFORNIA AMERICAN WATER
