County

Project Description (Proposed actions, location, and/or consequences).

An amendment to CONDITIONAL USE PERMIT (CUP; CUP No. 94-0312) for a 5.3-acre expansion within the 212-acre El Camino Memorial Park located at 5600 Carroll Canyon Road (Assessor's Parcel Number [APN] 341-040-36-00) in the Mira Mesa community within Council District 6. The proposed project involves the expansion of the existing El Camino Memorial Park to provide 4,500 new burial sites, a bridge, an access road, stormwater management features, and main entrance sidewalk and curb ramp improvements along the project's frontage on Carroll Canyon Road. The project is proposed in two phases with Phase 1 consisting of the bridge and roadway extension as well as grading of 1,000 burial areas, and Phase 2 consisting of fine grading for 3,500 burial sites and sod/irrigation placement.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The project would result in potentially significant impacts to Biological Resources, Hazardous Materials, Cultural Resources (Archaeology) and Tribal Cultural Resources. With implementation of mitigation measures requiring archaeological and Native American monitoring, impacts would be mitigated to a less than significant level.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

NA

Provide a list of the responsible or trustee agencies for the project.
