REASONS WHY PROJECT IS EXEMPT:
The Project is categorically exempt from CEQA under Class 1 (minor alterations to existing facilities) and Class 3 (small accessory structures) because all work—such as resurfacing courts, converting asphalt areas to lawn, installing shade structures, and adding a walking path—occurs within the existing park footprint, involves routine maintenance or small-scale construction, does not expand capacity or change land use, and poses no reasonable risk of significant environmental impacts; therefore, no further CEQA review is required.
