

County of Riverside
Facilities Management-PMO
3450 14th Street, 2nd Floor, Riverside, CA

FOR COUNTY CLERK USE ONLY

NOTICE OF EXEMPTION

May 15, 2025

Project Name: Approval of the Second Amendment to Lease Agreement with 610 Investments 24-3, LLC, for the Department of Public Social Services (DPSS), Hemet

Project Number: FM042310002800

Project Location: 541 North San Jacinto Street, north of East Oakland Avenue, Hemet, California 92543, Assessor's Parcel Number (APN) 445-090-011

Description of Project: The County of Riverside (County) has operated at 541 N. San Jacinto Street, Hemet, CA 92543 (Premises), since May 11, 1999 for use by its DPSS Self Sufficiency Division. The current lease with 610 Investments 24-3, LLC (Lessor) expires December 31, 2034 (Lease) and the County has requested renovations to the Premises through the Second Amendment to Lease to provide for requested facility and tenant improvements (Second Amendment). The Lessor will incur the cost of said improvements and be reimbursed by the County. The Second Amendment to the Lease Agreement with 610 Investments 24-3, LLC, is defined as the proposed project under the California Environmental Quality Act (CEQA). The project is the extension of term involving existing facilities with minor interior tenant improvements; no expansion of the existing facility will occur. The operation of the facility will continue to provide public social services. No additional direct or indirect physical environmental impacts are anticipated.

Name of Public Agency Approving Project: Riverside County

Name of Person or Agency Carrying Out Project: Riverside County Facilities Management

Exempt Status: State CEQA Guidelines Section 15301, Class 1, Existing Facilities Exemption; Section 15061(b) (3), General Rule or "Common Sense" Exemption. Codified under California Code of Regulations Title 14, Article 5, Section 15061.

Reasons Why Project is Exempt: The proposed project is categorically exempt from the provisions of CEQA specifically by the State CEQA Guidelines as identified below. The project will not result in any specific or general exceptions to the use of the categorical exemption as detailed under State CEQA Guidelines Section 15300.2. The project will not cause an impact to an environmental resource of hazardous or critical concern nor would the project involve unusual circumstances that could potentially have a significant effect on the environment. The project would not result in impacts to scenic highways, hazardous waste sites, historic resources, or other sensitive natural environments, or have a cumulative effect to the environment. No significant environmental impacts are anticipated to occur with the Second Amendment to the Lease Agreement.

- **Section 15301 – Class 1 Existing Facilities Exemption:** This categorical exemption includes the operation, repair, maintenance, leasing, or minor alteration of existing public or private structures or facilities, provided the exemption only involves negligible or no expansion of the previous site’s use. The project, as proposed, is limited to minor interior tenant improvements to make the space functional for DPSS. The project would not substantially increase or expand the use of the site; use is limited to the continued use of the site in a similar capacity; therefore, the project is exempt as the project meets the scope and intent of the Class 1 Exemption identified in Section 15301, Article 19, Categorical Exemptions of the CEQA Guidelines.
- **Section 15061 (b) (3) – “Common Sense” Exemption:** In accordance with CEQA, the use of the Common Sense Exemption is based on the “general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment.” State CEQA Guidelines, Section 15061(b) (3). The use of this exemption is appropriate if “it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.” *Ibid*. This determination is an issue of fact and if sufficient evidence exists in the record that the activity cannot have a significant effect on the environment, then the exemption applies and no further evaluation under CEQA is required. See *No Oil, Inc. v. City of Los Angeles* (1974) 13 Cal. 3d 68. The ruling in this case stated that if a project falls within a category exempt by administrative regulation or 'it can be seen with certainty that the activity in question will not have a significant effect on the environment', no further agency evaluation is required. With certainty, there is no possibility that the project may have a significant effect on the environment. The proposed tenant improvements will occur within the exiting building and will not result in any direct or indirect physical environmental impacts. The use and operation of the facility will be substantially similar to the existing use and will not create any new environmental impacts to the surrounding area. No impacts beyond the ongoing, existing use of the site would occur. Therefore, in no way, would the project as proposed have the potential to cause a significant environmental impact and the project is exempt from further CEQA analysis.

Therefore, the County of Riverside Facilities Management hereby concludes that no physical environmental impacts are anticipated to occur and the project as proposed is exempt under CEQA. No further environmental analysis is warranted.
