**Project Title:** Mexican Fan Palm Removal by SDG&E in National City

**Project Applicant:** Dan Bohnett, Area Forester, San Diego Gas & Electric, 8326 Century Park Ct, San Diego, CA 92123; (858) 650-4050

**Project Location – Specific:** 1400 Bay Marina Dr, National City, CA 91950

**Project location – City:** National City

**Project Location – County:** San Diego

**Description of Nature, Purpose, and Beneficiaries of Project:** The proposed project would involve the removal of one (1) Mexican Fan Palm tree by San Diego Gas & Electric in the city of National City, California. Work to complete the proposed project would involve the removal of one (1) existing invasive Mexican Fan Palm tree facing Bay Marina Drive due to the tree growing into nearby utility power lines. Work would also involve replanting four (4) 15-gallon Conifer trees within Embarcadero Marina Park South to provide shading opportunities. The tree species proposed for replanting shall be moderately drought-tolerant and deciduous.

The proposed removal is anticipated to occur in September 2025 and take approximately two (2) days to complete, and the replacement work is anticipated to occur in Fall 2025. Public access shall be maintained at all times as there would be no path or street closures and no parking spaces affected during removal and replanting activities. Equipment needed to complete the proposed project would consist of hand tools, a chainsaw, a chipper truck and grinder. Due to its nature and limited scope, the proposed project would generate a minor amount of vehicle trips and would require limited use of equipment. Therefore, impacts related to air quality, greenhouse gas emissions, transportation and traffic are not anticipated to occur. Furthermore, the District would be responsible for complying with all applicable federal, state, and local laws regarding construction demolition debris, hazards and hazardous materials, and stormwater.
