Norwalk, CA 90650

Governor's Office of Planning and
Research
1400 Tenth Street, Room 121
Sacramento, CA 95814

PROJECT:

Title and Case No.: Sign Ordinance Update
Zoning Code Amendment, P2025-0125-ZCA

Address/Location: Citywide

Project Description: Zoning Code Amendment (P2025-0125-ZCA) to replace the current Sign Ordinance in its entirety with a new Sign Ordinance and adding new definitions to the Zoning Code, and related references to Municipal Code Chapter 13.

APPLICANT: City of Culver City, 9770 Culver Boulevard, Culver City, CA 90232

CULVER CITY APPROVAL ACTION:

1. The City Council on August 11, 2025, approved the above-described project.

The decision-making body, in approving the project described above, determined that the project is exempt from further environmental impact assessment per the California Environmental Quality Act (CEQA) Guidelines, pursuant to Section 15061(b)(3).

2. Reason why project is Exempt (brief):

The Zoning Code Amendment, P2025-0125-ZCA, which replaces the current Sign Ordinance in its entirety with a new Sign Ordinance, provides standards and policies for the installation of signs and is not in and of itself a development or physical change in the environment. The Ordinance does not provide for or allow new signs that are not currently allowed or similar in nature to those currently allowed, nor does it alter specific sign standards with the potential to have a significant effect on the environment. There would be no potential for an environmental impact to result from the proposed Ordinance. Therefore, pursuant to CEQA Guidelines Section 15061(b)(3), the project is covered by the common sense exemption, because it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, and the activity is not subject to CEQA.

Emily Stadnicki, Title: Current Planning Manager
