P.O. Box 3044
Sacramento, CA 95812-3044

X **Riverside County Clerk**
County of Riverside
2724 Gateway Drive
Riverside, CA 92507

From: **Riverside County Flood Control and Water Conservation District**
1995 Market Street
Riverside, CA 92501
Contact: Jason Swenson, 951.955.8082

Lead Agency: Same as above.

Subject: Filing of Notice of Determination in compliance with Section 21152 of the Public Resources Code

State Clearinghouse Number: 2025090959

Project Title: Bedford Canyon Channel, Stage 1

Project Location: The approximately 16.78-acre project site is located in the southern part of Corona, in western Riverside County. The project site is located south of Cajalco Road, west of Temescal Canyon Road and east of I-15, with part of the project extending beneath the northbound I-15 Cajalco Road off-ramp. The proposed improvements would be located within Assessor's Parcel Numbers 279-240-020 and 279- 530-030, which are owned by the Riverside County Transportation Commission, with part of the project also occurring within the California Department of Transportation (Caltrans) right of way associated with the off-ramp. The project site is located within Section 16, Township 4 South and Range 6 West of the San Bernardino Baseline and Meridian, U.S. Geological Survey Corona South 7.5-minute quadrangle. The headwaters of Bedford Canyon Wash originate in the Santa Ana Mountains and flow east through the project site, continuing off site into Temescal Canyon Wash approximately 1,000 feet east/downstream of the project.

Project Description: The Riverside County Flood Control and Water Conservation District (District) proposes the construction, operation and maintenance of a channel improvement project within approximately 2,200 linear feet of Bedford Canyon Channel to address existing drainage deficiencies and significant sedimentation beneath and upstream of the Temescal Canyon Road bridge. The extent of the project site consists of unimproved channel downstream (east) of the I-15 Cajalco Road off-ramp and concrete-lined trapezoidal channel downstream of the natural channel segment, west of Temescal Canyon Road, that would replace the existing concrete-lined trapezoidal channel.

CEQA Determination: This is to advise that the District (Lead Agency) has approved the above-described project on December 9, 2025, pursuant to the California Environmental Quality Act (CEQA) and has made the following determinations:

1. The project will not have a significant effect on the environment.
2. A Mitigated Negative Declaration (MND) was adopted for this project pursuant to the provisions of CEQA.
3. Mitigation measures were made a condition of the approval of the project.
4. A Mitigation Monitoring and Reporting Program was adopted for the project.
5. A Statement of Overriding Considerations was not adopted for this project.
6. Findings were not made pursuant to the provisions of CEQA.

Public Access to Environmental Document: The MND is available to the General Public at the Office of the Clerk of the Board, County Administrative Center, 4080 Lemon Street, Riverside, CA 92501. The MND is also available at the District office located at 1995 Market Street, Riverside, CA 92501.
