Project Title: 2469 Alpine Bank Stabilization Project (Notification of Streambed Alteration, No. EPIMS-SMO-52084-R3).

Project Location (San Mateo County): The 2469 Alpine Bank Stabilization Project (Project) is located at 2469 Alpine Road, in San Mateo County, California, in the City of Menlo Park; latitude 37.41879, longitude -122.19022.

Project Description: The California Department of Fish and Wildlife has executed Streambed Alteration Agreement EPIMS Notification No. EPIMS-SMO-52084-R3, pursuant to Section 1602 of the Fish and Game Code to Jon Jedlicka.

The purpose of the Project is to repair bank failure and improve bank stability to protect property, reduce erosion, and plant riparian plants. The Project is limited activities necessary to construct a five-tiered concrete gravity wall and plant native riparian plants to stabilize the creek bank and protect the residence. The concrete gravity wall will consist of five concrete solid block tiers and cover approximately 350 square feet of the bank. The area between the top of bank and the gravity wall (225 square feet) will be regraded and revegetated with native riparian plant species. The bottom two tiers of the gravity wall (100 square feet) will also be covered with native soils which will be secured with coir rolls and planted with native riparian vegetation.

Public Agency Approving Project: CALIFORNIA DEPARTMENT OF FISH AND WILDLIFE

Person or Public Agency Carrying Out Project: Jon Jedlicka

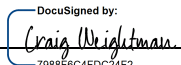

Exempt Status:

Statutory Exemption.

Categorical Exemption. Type – Class 1, California Code of Regulations, title 14, section (15301); Class 4, California Code of Regulations, title 14, section (15304).

Reasons why the project is exempt: The Project consists of the repair and minor alteration of existing private structures, facilities, and topographical features, involving negligible or no expansion of existing or former use. The Project consists of the installation of a concrete gravity wall, minor private alterations in the condition of land, water, and vegetation which do not involve removal of healthy, mature, scenic trees.
