

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

SCH #: _____

Project Title: Peak Park Water Well Project

Lead Agency: City of Buena Park Public Works Department

Contact Name: Jason Tran, P.E.

Email: jasontran@buenapark.com Phone Number: 714.562.3680

Project Location: Buena Park Orange County
City *County*

Project Description (Proposed actions, location, and/or consequences).

The City of Buena Park is processing a request to implement two discretionary actions that would ultimately allow for the construction of a new municipal-supply water production well and associated maintenance structures and equipment (Project) within a portion of William Peak Park located at 7225 El Dorado Drive (APN: 136-101-04). The Project involves the construction of a new municipal-supply water well with a targeted operational production rate of 3.6 million gallons per day (mgd) (2,500 gallons per minute [gpm]), if available from the aquifers to be perforated in the new well; the construction of a 12-inch-diameter water line along El Coco Way and El Dorado Drive; a 902-foot, 30-inch pump-to-waste drain line; and a 2,000-square-foot pump house building. The pump house building would be constructed on the west side of the proposed Project site in order to allow for future development, including a buried reservoir, pump station, and water treatment area. Proposed access to the Project site would be provided by a new off-site driveway/service road which would connect the proposed well site to El Coco Way.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Biological Resources: MM BIO-1 (Nesting Birds);
Cultural Resources: MM CUL-1 (Archaeological Resources);
Geology and Soils: MM GEO-1 (Recommendations of Geotechnical Report), MM GEO-2 (Paleontologist to Observe Grading Activities);
Hydrology and Water Quality: MM HYDRO-1 (SWPPP);
Noise: MM NOI-1 (Combustion Engine Mufflers), MM NOI-2 (Sensitive Receptors), MM NOI-3 (Diesel Engine Acoustical Enclosure), MM NOI-4 (Diesel Engine Silencers/Mufflers);
Transportation: MM TRANS-1 (Traffic Control Plan);
Tribal Cultural Resources: MM TCR-1 (Tribal Cultural Resources Observation and Salvage)

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None.

Provide a list of the responsible or trustee agencies for the project.

State Water Resources Control Board (SWRCB)
