Riverside, CA 92507

Project Title: Diamond Valley 1 Tank Rehabilitation
Project Location: 28555 State Street
City: Hemet
County: Riverside

Description of Nature, Purpose, and Beneficiaries of Project:

Eastern Municipal Water District's (EMWD) Diamond Valley 1 Tank Rehabilitation project aims to enhance the operational reliability of the Diamond Valley 1 Tank and provide additional safeguards for District personnel operating the tank.

Rehabilitation of Diamond Valley Tank 1 would include: the demolition of below-grade piping, valve assembly, and vault; replacement of electrical and controls conductors between the vault and the tank site remote control terminal unit; installation of above grade valve and piping assembly; new interior tank coating; and construction of site security improvements. Beneficiaries of the project are EMWD Operations Staff and EMWD ratepayers.

Public Agency Approving and Carrying Out Project: Eastern Municipal Water District

Exempt Status:

☒ Categorical Exemption. 15301(b)

Reasons why project is exempt:

Implementation of the project would result in the repair and maintenance of an existing public facility involving negligible or no expansion of the Diamond Valley 1 Tank. The project would rehabilitate Diamond Valley 1 Tank by installing above grade valve and piping assembly, replacing aging electrical and controls conductors, improving the tank's operational reliability, enhancing operator safety, and extending the tank's service life.
