Present Land Use/Zoning/General Plan Designation:

Public Right of Way

Project Description: *(please use a separate page if necessary)*

The Cantara Trunk Line (TL), originally built in 1917, is a critical part of LADWP's water distribution system. The proposed improvement project will upgrade aging infrastructure to enhance water delivery, system reliability, and emergency preparedness in the Sun Valley area.

The project involves installing approximately 8,200 feet of 30-inch and 5,100 feet of 20-inch underground pipeline, along with 7,010 feet of 8-inch distribution mainline improvements. This project will improve water delivery, boost system reliability, and enhance emergency preparedness for Sun Valley and nearby neighborhoods.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
