Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

SCH #: _____

Project Title: Glenn-Colusa Irrigation District Gradient Facility Rehabilitation Project

Lead Agency: Glenn-Colusa Irrigation District

Contact Name: Jeff Sutton

Email: ceqapublicomments@gcid.net Phone Number: 530-934-8881

Project Location: Hamilton City (*City*) Butte, Glenn, and Tehama (*County*)

Project Description (Proposed actions, location, and/or consequences).

The Gradient Facility Rehabilitation Project (Project) involves bank stabilization and river channel protection along approximately 1 mile of the Sacramento River between river miles 205 and 206, near Montgomery Island. The work would address bank erosion and a deep scour hole that threatens the continued functionality of the Glenn~Colusa Irrigation District's Gradient Facility and the intake channel fish screen through measures such as spur dikes, rock slope protection and riprap, limited excavation/fill activities, and revegetation, implemented in phases as needed.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The project would cause significant or potentially significant impacts on biological resources, cultural resources, geology/soils, and tribal cultural resources, which would be reduced to less than significant levels with implementation of MM-BIO-1 through MM-BIO-24; MM-CUL-1; and MM-GEO-1 and MM-GEO-2.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

There are no known areas of controversy for the proposed project.

Provide a list of the responsible or trustee agencies for the project.

Responsible Agencies:
California Department of Fish and Wildlife- Trustee Agency, Responsible Agency
California State Lands Commission- Trustee Agency, Responsible Agency
Central Valley Regional Water Quality Control Board- Responsible Agency
Tehama County- Responsible Agency
Glenn County- Responsible Agency
Butte County- Responsible Agency
