Project Title: Power Socket Installation – Harbor Development Permit No. 25-040
State Clearinghouse No:
Project Location – Specific: 1300 Pier B St; Berth 76 and Berth 77; Harbor Planning District 2 - Northeast Harbor
Project Location – City: Long Beach, California **Project Location – County:** Los Angeles County

Description of Nature, Purpose and Beneficiaries of Project:

Perform maintenance on the existing platform at Berth 76 and Berth 77 to install a 480 V power socket. The new power socket will connect to an existing switch rack.

Exempt Status:

- ☐ Ministerial Exemption [Section 21080(b)(1); 15268]; ☐ Common Sense Exemption (Section 15061(b)(3))
☐ Declared Emergency (Section 21080(b)(3); 15269(a)); ☐ Other:
☐ Emergency Project [Section 21080(b)(4); 15269(b)(c)]
☒ Categorical Exemption. State type and section number: **Section 15301 (Class 1. Existing Facilities) and Section 15303 (Class 3. Conversion or Construction of Small Structures)**
☐ Statutory Exemption. State code number:

Reasons why project is exempt:

Section 15301 Existing Facilities (Class 1): The Class 1 Categorical Exemption consists of the operation, repair, maintenance, permitting, leasing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. The project involves maintenance on the existing platform at Berth 76 and Berth 77 to install a 480 V power socket that will connected to an existing switch rack which is a negligible expansion of existing use.

Section 15303 New Construction or Conversion of Small Structures (Class 3): The Class 3 Categorical Exemption consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. The project involves the new installation of a 480 V power socket that will connect to an existing switch rack, which is a small new equipment.

The Port has determined that none of the exceptions to the exemptions in the California Environmental Quality Act (CEQA) Guidelines Section 15300.2 foreclose the use of Categorical Exemption CEQA Guidelines Section 15301 (Class 1. Existing Facilities) and Section 15303 (Class 3. Conversion or Construction of Small Structures); therefore the Project is exempt from CEQA and no further environmental review is required.
