# Summary Form for Electronic Document Submittal

**Form F**

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Pronghorn Solar and Storage Project

Lead Agency: County of Los Angeles

Contact Name and Title: Christopher Keating, AICP, Regional Planner

Email: ckeating@planning.lacounty.gov Phone Number: 213-974-6411

Project Location: Unincorporated Los Angeles County

*City* *County*

Project Description (Proposed actions, location, and/or consequences).

Pronghorn Solar Plus, LLC is proposing to construct and operate the Pronghorn Solar and Storage Project, a utility-scale photovoltaic solar energy generation and battery energy storage system (BESS).

The Project would generate up to 50-megawatts of solar power, and the associated BESS would have up to 50-megawatts of power capacity. The Project would include construction of collection lines, internal roadways, access driveways and a Project substation, a which would connect to the existing Southern California Edison Piute Substation via a generation transmission line.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The following environmental factors would be potentially significant impacts affected by the Project: Aesthetics, Agriculture and Forestry Resources, Biological Resources, Cultural Resources, Hazards/Hazardous Materials, Transportation, Tribal Cultural Resources, Mandatory Findings of Significance.

Nineteen mitigation measures have been incorporated into the Project to reduce potentially significant impacts to less than significant. A full list of incorporated mitigation measures is provided in the Mitigation Monitoring and Reporting Program prepared for the Project.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

No known areas of controversy have been raised by agencies or the public with regard to the project.

Provide a list of the responsible or trustee agencies for the project.

Los Angeles County Department of Public Works - Encroachment Permit
Los Angeles County Public Works, Stormwater Quality Division - Storm Water Pollution Prevention Plan (SWPPP)
Antelope Valley Air Quality Management District - Authority to Construct
Antelope Valley Air Quality Management District - Rule 403 Dust Control Plan
California Department of Fish and Wildlife - Western Joshua Tree Conservation Act Incidental Take Permit; Incidental Take Permit for burrowing owl and/or Mojave ground squirrel (if needed)
