Project Title: Daily Road Project
Project Location: Daily Road, South of Scott Road
City: Menifee
County: Riverside

Description of Nature, Purpose, and Beneficiaries of Project:

Daily Road is the existing dirt road that provides access to Eastern Municipal Water District's Daily Road II Reservoir and Hydrobooster Station and local community. Due to the steepness of the hill, this portion of Daily Road experiences severe erosion and make access difficult. The purpose of this project is to provide a more permanent driving solution that accounts for the rural nature of the area and stormwater runoff concerns to the neighboring properties. The scope is to build the road back up with a building agent to resist future erosion. Beneficiaries of this project are EMWD maintenance staff, ratepayers, and local community.

Public Agency Approving and Carrying Out Project: Eastern Municipal Water District

Exempt Status:

☑ Categorical. 15301(b)

Reasons why project is exempt:

Implementation of the project would result in the repair, maintenance, and minor alteration of an existing facility with no expansion to the existing use and public utility service provided. The project will rebuild the dirt roadway to provide safe access without any expansion.
